with a scale of worthiness that parallels the subjugation of racialized persons The chapters examine a variety of canonical figures like the dissolute wolf of Red Riding Hood stories and the disfigured titular character of the Wonky Donkey picture book alongside non canonical animals including reprobate pigs degenerate sharks self centered flamingos and wicked piranhas To counter this animal debasement Varga juxtaposes these readings with an examination of materials that articulate harmonious animal human interrelationships without dependence on styles of anthropomorphism that diminish animality
