Adams,2003 **Preaching for Discipleship** Michael E. Connors,2021-01-25 The homily is a primary way that pastors and deacons can communicate how the whole parish community forms the catechumens Many parishioners are not aware of their role in the Christian initiation process In Preaching Discipleship Preparing Homilies for Christian Initiation Michael E Connors CSC provides homilists and catechists with the tools to evangelize not only the catechumens present but also to capture the imagination of the parish community so that they too realize their own role in the Christian initiation process This resource will help the homilist Build a homily Foster a deeper appreciation of the call to discipleship on the part of the assembly Instruct the assembly on their role in the Rite of Christian Initiation so that right from the outset the catechumens may feel that they belong to the people of God Bring the baptized and catechumens into a deeper personal relationship with the Lord Provide specific insights during the period of Mystagogy

The Roman Catholic Lectionary and the Bible Mark G. Boyer,2024-06-28 The bishops attending the Second Vatican Council 1962 1965 decreed that the treasures of the Bible were to be opened for Roman Catholics by presenting a larger part of the Bible over three years The first one volume Lectionary a collection of biblical texts appointed for worship on given days what ultimately became four volumes plus a supplement in English was published in Latin on September 30 1970 The result of people seeing four volumes consisting of more pages than most Bibles was the erroneous thinking that they heard read the whole Bible every three years The Lectionary edits the Bible Biblical topics offensive to modern readers are omitted Powerful biblical women are ignored Biblical prophetic books are chopped by piecing together verses There is no application of modern biblical analysis The biblical passages presented in the Lectionary have been chosen to fit the liturgical year even though the liturgical year did not exist when the Bible was written The purpose of this book is to present some sobering statistics about the biblical texts found and not found in the Roman Catholic Lectionary reach conclusions about them and

suggest alternate biblical texts for use in the Lectionary *Sowing Seeds from the Gospels* James L. Menapace, 2006-08-11

Karris, 2006 Robert Karris spreads before us a delightful feast of information about food themes in the Gospel of Luke In a lively style of writing Karris describes the food and drink popular in Jesus day eucharistic implications and the social roles Jesus assumes in relation to food **A Light Unto My Path** James J. Bacik, Kevin E. Anderson, 2006 There are many books available on creating a good effective homily This book unique in that it is the product of a long standing dialogue between James Bacik a pastor and theologian and Kevin Anderson a clinical psychologist and author offers those who preach theological perspectives and practical advice on proclaiming the word of God The authors move through the process of preparing and delivering a homily from its conception to delivery However they emphasize the focus and function of the homily rather than the theme and how this relates the message of the readings to the human or social concerns of the congregation Here is a one of a kind book that includes empirical data in the form of a survey to explore what works and does not work in preaching It will provide a fresh perspective to those in homiletics courses in seminaries as well as hands on advice for those who already preach
