A Man And A Motorcycle How Hamid Karzai Came To Power:

A man and a motorcycle Bette Dam,2015 **A Man and a Motorcycle** Bette Dam,2014-08-28 With a secondhand motorcycle the support of a few powerful tribesmen and a good friend in the CIA the unknown Hamid Karzai willed himself to power as the new hope of Afghanistan Acclaimed journalist Bette Dam chronicles the astonishing rise of Afghanistan s U S backed leader from obscurity to one of the most influential figures in the global war on terror Following the 2001 toppling of the Taliban a fragile Afghanistan was on the brink Karzai armed with a recipe for victory came within inches of helping the U S declare victory in the war on terror But sentiments run high in post 9 11 America and the desire for revenge derailed an early chance at peace As U S troops leave Afghanistan and power is handed to a new president Karzai s legacy remains one of betrayal mistrust and missed opportunities *The American War in Afghanistan* Carter Malkasian,2021 A history of the war in Afghanistan between 2001 and 2020 The work follows a narrative format to go through the 2001 US invasion the state building of 2002 2005 the Taliban offensive of 2006 the US surge of 2009 2011 the subsequent drawdown and the peace talks of 2019 2020 *The Long War* David Loyn,2025-09-23 Just as U S soldiers and diplomats pulled out of Afghanistan supposedly concluding their role and responsibility in the two decade conflict the country fell to the Taliban In *The Long War* award winning BBC foreign correspondent David Loyn uncovers the political and military strategies and failures that prolonged America s longest war Three American presidents tried to defeat the Taliban sending 150 000 international troops at the war s peak with a trillion dollar price tag But early policy mistakes that allowed Osama bin Laden to escape made the task far more difficult Deceived by easy victories they backed ruthless corrupt local allies and misspent aid The story of *The Long War* is told by the generals who led it through the hardest years of combat as surges of international troops tried to turn the tide Generals which include David Petraeus Stanley McChrystal Joe Dunford and John Allen were tested in battle as never before With the reputation of a warrior monk McChrystal was considered one of the most gifted military leaders of his generation He was one of two generals to be fired in this most public of commands Holding together the coalition of countries who joined America s fight in Afghanistan was just one part of the multi dimensional puzzle faced by the generals as they fought an elusive and determined enemy while responsible for thousands of young American and allied lives *The Long War* goes behind the scenes of their command and of the Afghan government The fourth president to take on the war Joe Biden ordered troops to withdraw in 2021 twenty years after 9 11 just as the Taliban achieved victory leaving behind an unstable nation and an unforeseeable future [General Studies \(Part - 2\) for NDA/NA Entrance Exam](#) Career Point Kota,2020-12-27 Features of General Studies Part 2 for NDA NA Entrance Exam Career Point Kota Books for NDA are prepared by the experts who have mentored the aspirants of NDA These books comprise systematic coverage of 1 Topic wise relevant theory notes with an explanation as required 2 Special Notes and Points to remember 3 Exercise sheets as per the latest pattern 4 Exercise sheets of previous year questions Study notes cover all key concepts important points with

Rubin,2020 Afghanistan a landlocked country in Central Asia has improbably been at the center of international geopolitics for four decades After the Soviet Union invaded in 1980 Afghanistan descended into an unending conflict that featured at various points most of the world s major powers In the mid 1990s the country entered a new phase when the Taliban took power and imposed order based on a harsh repressive version of Islamic law Infamously the sheltered Osama bin Laden whose attack on 9 11 Towers ushered in the Global War on Terror drew tens of thousands of American troops to the country where they remain today In Afghanistan What Everyone Needs to Know R leading scholar Barnett R Rubin provides an overview of this complicated nation After providing a concise history of Afghanistan he explores the various peoples and cultures of the country and its relations with neighbors like Pakistan and Iran He also provides an authoritative overview of the conflicts that have plagued the country since the Soviet invasion Both wide ranging and pithy this book explains why Afghanistan matters and what its possible future might look like **A Kingdom of Their Own** Joshua Partlow,2016-09-27 The Afghan war will be remembered for its politics more than its combat There were few if any major battles The longest war in American history has left 1 800 U S troops dead fewer than half the number killed in Iraq The violence is mostly confined to the farmlands deserts and mountains playing out in small ambushes hit and run attacks and assassinations The United States came to Afghanistan on a simple mission to avenge the September 11 attacks and drive the Taliban from power This took less than two months The story of the next decade is about how the ensuing fight for power and money the power and money supplied to one of the poorest nations on earth in ever greater amounts left the region even more dangerous than before the first troops arrived At the centre of this story is the Karzai family The president and his brothers began the war as symbols of a new Afghanistan moderate educated fluent with East and West the antithesis of the brutish and backwards Taliban regime Now with the war in shambles they are in open conflict with each other and their Western allies In their experience one can find a war s worth of mistakes squandered hopes and wasted chances Nothing encapsulates the essence of the war s trajectory and the descent from optimism to despair friends to enemies as neatly as the story of the Karzai family itself **La misión** Tim Weiner,2025-10-09 La historia de la CIA del 11 S a la actualidad El

The Troubled Triangle Zafar Iqbal Yousafzai, 2021-12-07 This book is a comprehensive analysis of the Taliban and how it has affected post 9 11 U S Pakistan relations It analyzes the genesis of the Taliban the rationale behind their emergence and how they consolidated their rule in Afghanistan from 1996 to 2001 It examines the U S policies towards the Taliban in the post 9 11 era and Pakistan s role as an ally in their efforts towards dismantling Taliban rule in Afghanistan from Obama s fight and talk policy to the Doha peace agreement in 2020 It also discusses the outcomes of the Global War on Terror GWoT as well as the Taliban s response to the U S led ISAF and NATO forces in Afghanistan The volume brings into focus Pakistan s policies vis vis the Taliban following the start of GWoT and how it pushed the U S Pakistan relations to its lowest ebb and then its role in bringing the Taliban to the negotiating

table which resulted in the U S Taliban deal in Doha in February 2020 The author introduces a new balance of threat theory and expands on its applicability through the Taliban case study The book will be of great interest to scholars and researchers of U S foreign policy international relations peace and conflict studies strategic studies history diplomatic studies and South Asian politics *Unwinnable* Theo Farrell,2017-09-07 Afghanistan was an unwinnable war As British and American troops withdraw discover this definitive account that explains why It could have been a very different story British forces could have successfully withdrawn from Afghanistan in 2002 having done the job they set out to do to defeat al Qaeda Instead in the years that followed Britain paid a devastating price for their presence in Helmand province So why did Britain enter and remain in an ill fated war Why did it fail so dramatically and was this expedition doomed from the beginning Drawing on unprecedented access to military reports government documents and senior individuals Professor Theo Farrell provides an extraordinary work of scholarship He explains the origins of the war details the campaigns over the subsequent years and examines the West s failure to understand the dynamics of local conflict and learn the lessons of history that ultimately led to devastating costs and repercussions still relevant today The best book so far on Britain s war in Afghanistan International Affairs Masterful irrefutable Farrell records all these military encounters with the irresistible pace of a novelist Sunday Times

Voices of the Afghanistan War Brian L. Steed,Sheri Steed,2023-06-15 The War in Afghanistan was the longest military conflict in American history In a diverse collection of primary documents this book explores the evolving legacy of the war and its impact on the countless lives it changed forever Following the terrorist attacks on September 11 2001 the United States spent almost 20 years at war in Afghanistan until it officially withdrew its military forces in August 2021 As the longest war in American history the War in Afghanistan cost trillions of dollars to sustain and claimed the lives of thousands of American soldiers and many more Afghan civilians This book tells the story of the war from its varied perspectives including documents from American and Afghan politicians high ranking military officers and diplomats The topics covered are even more diverse ranging from the building and training of security forces and the use drones in modern warfare to the importance of education and the role of women in combat What the editors lead readers to understand is that the peoples referred to as Afghans have little in common beyond the land itself a simple basic and ultimately ignored reality at the heart of the U S invasion occupation and frustration in Afghanistan

George W. Bush's Foreign Policies Donette Murray,David Brown,Martin A. Smith,2017-08-23 This book offers a fresh assessment of George W Bush s foreign policies It is not designed to offer an evaluation of the totality of George W Bush s foreign policy Instead the analysis will focus on the key aspects of his foreign and security policy record in each case considering the interplay between principle and pragmatism The underpinning contention here is that policy formulation and implementation across Bush s two terms can more usefully be analysed in terms of shades of grey rather than the black and white hues in which it has often been painted Thus in some key policy areas it will be seen that the overall record was more pragmatic and successful than his many critics

have been prepared to give him credit for The president and his advisers were sometimes prepared to alter and amend their policy direction on occasion significantly Context and personalities interpersonal and interagency both played a role here Where these came together most visibly for instance in connection with dual impasses over Iraq and Iran exigencies on the ground sometimes found expression in personnel changes In turn the changing fortunes of Bush s first term principals presaged policy changes in his second What emerges from a more detached study of key aspects of the Bush administration during a complicated and challenging period in the United States post Cold War history marked by the dramatic emergence of international Islamist terrorism as the dominant international security threat is a more complex picture than any generalization can ever hope to sustain regardless of how often it is repeated This book will be of much interest to students of US foreign policy international politics and security studies
