The Community of the Weak Hans-Peter Geiser,2013-03-28 Social postmodernism and systematic theology can be

considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological intermingle in engaging and border crossing ways The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story **Reordered Love, Reordered Lives** David K.

Naugle,2008-11-03 If we have a particle of sense St Augustine said we realize that we all want to be happy What's more God actually designed human beings to crave and seek happiness Why then is there so much unhappiness in the world According to David Naugle it's because in our desperate quest we're looking in the wrong places *Reordered Love Reordered Lives* explores a distinctly Augustinian theme that is supremely relevant for the twenty first century Naugle explains that if we love properly that is if we love beginning with God and progressing to other humans ourselves and the world around us we will also live properly and in so doing will find our own true happiness Packed with select quotes and references to popular music literature and other media and including provocative questions for discussion the book presents classic theological ideas in a conversational and edgy fashion Naugle's refreshing take is sure to appeal to anyone searching for happiness which in the end is all of us *Taking South Park Seriously* Jeffrey Andrew Weinstock,2008-09-11 Since it came on the air in 1997

Comedy Central's top rated animated program *South Park* has been criticized for its crude scatological humor and political insensitivity However the program also fearlessly wades into the morass of American political life as it tackles and satirizes all American sacred cows including political correctness the value of celebrities ideas about childhood and the role of religion in American life In the process *South Park* raises provocative and timely questions about politics identity and the media's influence in shaping American thinking *Taking South Park Seriously* brings together scholars who explore the broader implications of *South Park*'s immense popularity by examining the program's politics aesthetics and cultural impact Topics covered include the pleasures of watching the show *South Park*'s relationship to other animated programs and the program's representations of racial and ethnic minorities the disabled celebrities children religion and education This book will be of interest not only to communications and cultural studies scholars but to anyone who has ever laughed along with Cartman Stan Kyle and Kenny **Teaching Peace Through Popular Culture** Laura L. The Spirit of Truth Myk Habets, 2010-03-01 Among the theological loci pneumatology is one of the most stimulating exciting and difficult topics to study it is also one of the most rewarding The identity and mission of the Holy Spirit is pervasive throughout Scripture and the Great Tradition and within contemporary Christianity it is one of the most popular topics currently being explored Here ten scholars present twelve essays spanning biblical hermeneutical theological and practical disciplines The result is not an evangelical pneumatology in systematic fashion nor is it a comprehensive theology of the Holy Spirit Rather this volume presents explorations in pneumatology from a variety of evangelical scholars working in varying contexts mostly the South Pacific basin but each wrestling equally with what the Spirit of Truth is saying to the churches today This is a work of outstanding scholarship with essays by Canadian theologian Gary Badcock and a cast of established and emerging Kiwi or New Zealand theologians which gives the work a unique contextual flavor alongside its ecumenical and evangelical commitment
