of a shopping trip or a Disneyland escape are designed to fill someone else's pocket rather than the spiritual emptiness in our own hearts Pahl develops several ways to clothe the divine from within the Christian tradition He introduces a theology of place that reveals aspects of God's character through biblical metaphors drawn from physical spaces such as the true vine the rock and the living water Accessible and thought provoking this enlightening book provides a better grasp of our particularly American way of lending religious significance to spaces of all kinds **Talking Book Topics**, 2009 The Friend, 1840 *Library Journal* Melvil Dewey, Richard Rogers Bowker, L.
