Excavating the Land of Jesus James Riley Strange, 2023-06-20 How do archaeologists unearth the daily life of people from Jesus's time Contrary to popular belief archaeology of first century Roman Galilee is not about illustrating or proving the Gospels drawing timelines or hunting treasure Rather it is about understanding the lives of people just like us who lived in the time of Jesus How do we understand Jesus and his mission as part of a larger world How do we interpret material culture alongside textual evidence from the Gospels How do we know where and how to dig James Riley Strange teaches students how to address these problems in this essential textbook

Brown,2017-03-17 Designed for both Hebrew and non Hebrew students A Handbook to Old Testament Exegesis offers a fresh hands on introduction to exegesis of the Old Testament William P Brown begins not with the biblical text itself but with the reader helping students to identify their own interpretive lenses before engaging the biblical text Brown guides the student through a wide variety of interpretive approaches including modern methodologies feminist womanist Latino a queer postcolonial disability and ecological approaches alongside more traditional methods This allows students to critically reflect on themselves as bona fide interpreters While covering a wide range of biblical passages Brown also highlights two common biblical texts throughout the work to help show how each interpretive approach highlights different dimensions of the same texts Students will appreciate the value of an empathetic inquiry of Scripture that is both inclusive of others and textually in depth *The Cambridge Guide to Jewish History, Religion, and Culture* Judith R. Absalom Keith Bodner, 2013-12-04 With extraordinary range and literary energy the story of Absalom's rebellion in 2 Samuel ranks as the most elaborate and extensively narrated internal political event in the Hebrew Bible complete with a host of scandalous and sordid events illicit sex murder cover up petty crime to name a few For many students approaching the historical books of the Bible however texts often fail to address the vitality of this most turbulent period of King David's career Bodner addresses this shortcoming with his *The Rebellion of Absalom* a lively analysis of the early monarchy of Israel written by a recognized commentator of the Bible's historical books Concise and insightful each chapter incrementally focuses on the stages of David's rise to power and Absalom's early life and rebellion Crucial issues in the development of Israel's monarchy are embedded in this story including royal legitimation divine election succession usurpation divine and human punishment *The Rebellion of Absalom* is a student friendly culturally savvy approach to one of the most important episodes in deciding how the kings of Israel would be determined throughout the monarchic period In Search of "Ancient Israel" Philip R. Davies, 1992-06-01 The appearance in 1992 of *In Search of Ancient Israel* generated a still raging controversy about the historical reality of what biblical scholars call Ancient Israel But its argument not only takes in the problematic relationship between Iron Age Palestinian archaeology and the biblical Israel but also outlines the processes that created the literature of the Hebrew bible the ideological matrix the scribal milieu and the cultural adoption of a national literary archive as religious scripture as part of the process of creating Judaism's While challenging the whole spectrum of scholarly consensus about the origins of Israel and its scriptures it is written more in the style of a textbook for students than a monograph for scholars because its author believes it offers an agenda for the next generation of biblical scholars In this reader friendly polemic Davies brilliantly addresses an essential issue and at numerous points represents a vanguard in biblical studies Robert B Coote *Interpretation* A rich mine of provocative quotations will provoke considerable opposition and debate and deserves to be read and reflected on by all biblical scholars Keith Whitlam SOTS Book List **Hebrew Bible / Old Testament. III: From Modernism to Post-Modernism** Magne Sæbø, Jean Louis Ska, Peter Machinist, 2014-12-10 The long and complex history of reception and interpretation of the Hebrew Bible Old Testament through the ages described in the HBOT Project focuses in this concluding volume III Part 2 on the multifarious research and the different methods used in the last century Even this volume is written by Christian and Jewish scholars and takes its wider cultural and philosophical context into consideration The perspective is worldwide and ecumenical Its references to modern biblical scholarship on which it is based are extensive and updated The indexes names topics references to biblical sources and a broad body of literature beyond are the key to the wealth of information provided Contributors are J Barton H L Bosman A F Campbell SJ D M Carr D J A Clines W Dietrich St E Fassberg D F Ilesdal A C Hagedorn K M Heim J H genhaven B Janowski D A Knight C K rting A Laato P Machinist M A O'Brien M Oeming D Olson E Otto M S b J Schaper S Sekine J L Ska SJ M A Sweeney and J de Waard
