A History Of Political Theory

William Archibald Dunning

A History Of Political Theory:

A History of Political Theory George Holland Sabine, 1948 **A History of Political Theory** George H. Sabine, Thomas L. Thorson, 2018-11-30 This history of political theory is written in the light of the hypothesis that theories of politics are themselves a part of politics In other words they do not refer to an external reality but are produced as a normal part of the social milieu in which politics itself has its being The reflection upon the ends of political action upon the means of achieving them upon the possibilities and necessities of political situations and upon the obligations that political purposes impose is an intrinsic element of the whole political process Such thought evolves along with the institutions the agencies of government the moral and physical stresses to which it refers and which one likes at least to believe it in some degree controls A History of Political Theory George Holland Sabine, 1966 **A History of Political Theories, Ancient and Mediæval** William Archibald Dunning, 1916 *A History of Political Theory*, 2023 A History of Modern Political Thought Gary Browning, 2016-10-13 How are we to understand past political thinkers Is it a matter simply of reading their texts again and again Do we have to relate past texts of political thought to the contexts in which ideas were composed and in which the aims of past thinkers were formulated Or should past political theories be deconstructed so as to uncover not what their authors maintain but what the texts reveal In this book theories of interpreting past political thinkers are examined and the interpretive methods of a range of theories are reviewed including those of Hegel Marx Oakeshott Collingwood the Cambridge School Foucault Derrida and Gadamer The application of these theories of interpretation to notable modern political theorists Machiavelli Hobbes Locke Rousseau Kant Hegel Marx Bentham Mill Nietzsche and Beauvoir is then used as a way of understanding modern political thought and of assessing interpretive theories of past political thought The result is a book which sees the history of modern political thought as more than a procession of political theories but rather as a reflection on the meaning of past political thought and its interpretation It provides a way of reading the history of modern political thought in which the question of interpretation matters both for understanding how we interpret the past but also for considering what it means to undertake political thinking **A History of Political Thought** Bruce Haddock, 2005-09-16 Combines historical and theoretical analysis setting political thought in the context of various frameworks of the modern world From the impact of the French and American revolutions through reaction and constitutional consolidation this book traces the contrasting criteria invoked to justify particular forms of political order from 1789 **A History of Political Thought** Phyllis Doyle, 1949 **A History of Political Theories from Rousseau to Spencer** William Archibald Dunning, 1920 The present work concludes the History of political theories of which two earlier volumes were published in 1902 and 1905 respectively Pref Bibliography p 425 436 *A HISTORY OF POLITICAL THOUGHT* SUBRATA MUKHERJEE, SUSHILA RAMASWAMY, 2011-08-09 This lucidly written text in its second edition continues to provide a comprehensive study of the classical political tradition from Plato to Marx The book elucidates the

fascinating evolution of the history of political ideas through the works of thirteen key political thinkers which includes Plato Aristotle Machiavelli Hegel and Marx The text highlights the decline and revival of classical political theory and portrays the clash of universalism vs localism in the classical tradition It focuses on the recent interpretations of the classical texts for instance feasibility of the ideal State in Plato civic humanism and republicanism in Machiavelli the radicalism of Locke and the contributions to the woman s cause by John Stuart Mill The text is intended for the undergraduate and postgraduate students of Political Science of various universities and for all those who are appearing for the civil services examinations

NEW TO THIS EDITION Inclusion of two important liberal thinkers Mary Wollstonecraft the founder of liberal feminism and Immanuel Kant a de ontological liberal Addition of an Appendix on John Rawls who is credited as a seminal thinker of contemporary times having played a crucial role in the revival of normative political theory

A History of Political Theories ...: From Luther to Montesquieu William Archibald Dunning,1902

A History of Political Thought Janet Coleman,2000-06-22 This volume continues the story of European political theorising by focusing on medieval and Renaissance thinkers It includes extensive discussion of the practices that underpinned medieval political theories and which continued to play crucial roles in the eventual development of early modern political institutions and debates The author strikes a balance between trying to understand the philosophical cogency of medieval and Renaissance arguments on the one hand elucidating why historically suited medieval and Renaissance thinkers thought the ways they did about politics and why we often think otherwise

The Oxford Handbook of Political Theory John S Dryzek,Bonnie Honig,Anne Phillips,2008-06-12

Oxford Handbooks of Political Science are the essential guide to the state of political science today With engaging contributions from 51 major international scholars the Oxford Handbook of Political Theory provides the key point of reference for anyone working in political theory and beyond

The History of Political Thought John Morrow,1998-03

This text provides a broad ranging thematic introduction to the Western tradition of political thought Following a chronological introductory chapter illustrated with charts of key thinkers and works for each period the core chapters focus on central issues in political theory the ends of politics the location of political power the exercise of political authority and challenges to it The thematic organization of the book combines detailed coverage of such great names as Plato Aristotle Aquinas Machiavelli Hobbes Locke Rousseau Marx and Mill with assessments of the contributions of an exceptionally wide range of other theorists The ideas of various thinkers are clearly related to one another and to the different contexts in which they were produced

A History of Political Theory ... Third Edition George Holland Sabine,1963

A History of Political Thought in the 16th Century J. W. Allen,2013-09-05 This presentation of the main phases and features of political thought in the sixteenth century is based on an exhaustive study of contemporary writings in Latin English French German and Italian The book is divided into four parts The first part deals with the new thought of Protestantism The rest describes special ideas that emerged in England France and Italy

The Oxford Handbook of the History of Political

Philosophy George Klosko,2011-05-26 Fifty distinguished contributors survey the entire history of political philosophy They consider questions about how the subject should best be studied they examine historical periods and great theorists in their intellectual contexts and they discuss aspects of the subject that transcend periods such as democracy the state and imperialism

A History of Political Science Mark Bevir,2022-08-11 This Element denaturalises political science stressing the contestability and contingency of ideas traditions subfields and even the discipline itself The history of political science is less one of scholars testing and improving theories by reference to data than of their appropriating and transforming ideas often obscuring or obliterating former meanings to serve new purposes in shifting political contexts Political science arose in the late nineteenth century as part of a wider modernism that replaced earlier developmental narratives with more formal explanations It changed as some scholars yoked together behavioural topics quantitative techniques and positivist theory and as other scholars rejected their doing so Subfields such as International Relations remained semi detached and focused on policy as much as theory Furthermore the shifting fashions within political science modernism behaviouralism realism neoliberalism the new institutionalism have informed the policies by which governments have tried to tame contingency and govern people

Natural Law and Political Realism in the History of Political Thought: From the seventeenth to the twenty-first century R. W. Dyson,2005 Original Scholarly Monograph

Research Handbook on the History of Political Thought Cary J. Nederman,Guillaume Bogiaris,2024-06-05 This insightful Handbook reviews the key frameworks guiding political scientists and historians of political thought Comprehensive in scope it covers historical methodology traditions epochs and classic authors and texts spanning from ancient Greece until the nineteenth century
