Young,2025-02-24 Since its discovery in 1857 in a room of the Pedagogium a one time imperial palace turned page school on the Palatine Hill in Rome the Alexamenos Graffito has been one of the most widely known inscriptions attributed to early Roman attitudes toward Christianity A sensation after its discovery the Graffito was described by an international host of nineteenth century writers and scholars these descriptions of the Graffito s environment and the host of Latin and Greek graffiti served as fodder to fill guidebooks for the wealthy as they made their way through the then eponymous Grand Tour of Europe But aside from being merely a tourist attraction the Alexamenos Graffito has over the past century and a half proven to possess valuable insights into the sophistication of Imperial Rome from the breadth and

scope of Roman education the techniques and mechanics of capital punishment and the attitudes and practices utilized in Roman cult This work provides readers the eyewitness accounts of the Graffito at the time of its discovery the scholarly commentary that has helped us understand the meaning of the Graffito and a context for understanding the world that surrounded Roman Christians in the third century     *Constantine Versus the Bankers* C. Eliopoulos Nicholas C. Eliopoulos, Nicholas C. Eliopoulos, 2010 *Constantine Versus the Bankers* is the epic of what went wrong and still goes wrong in a seemingly Christian setting In spite of setbacks it examines what is yet to be accomplished toward Peace in this world There is nevertheless a de facto kind of oneness in politics religion education and public ethos albeit as four distinctly separate Estates and not always in harmony This results at times in human failure and more often in pernicious conspiracies at work Constantine still is maligned from contemporary world leaders to historians while Christians still are selectively being killed with evermore imaginative cunning Consider the sources vilifying Christianity they are the same agencies hunting down the Holy Apostles on their Mission with the same combination of Murky Forces and modern internationalist adepts While considered a sacred cow the Bankers of all grades are popularly held on the highest pedestal and glorified as saviors greater than God As matters today stand the only solutions to cultural political social economic and educational impasses come through going deeper into private national and international debt sinking down into the cavernous jaws of the interest bearing Vipers To believe in an irreversibly coming doom is to question whether there is a God or not
