A Life for Hungary Nicholas Horthy, 2011 *Regent of Hungary. The Authorised Life of Admiral Nicholas Horthy ... Based on Baroness Lily Doblhoff's "Horthy Miklós."* [With Plates, Including Portraits.]. Owen Rutter, Baroness Lily DOBLHOFF, Miklós Horthy (nagybányai), 1939 *Miklós Horthy: The Hungarian Anti-Hero*, Miklós Horthy is perhaps one of history's most controversial figures Glorified by one side as a pragmatic leader and vilified on the other as a slippery Nazi puppet Admiral Miklós Horthy lived a life of adventure sorrow and complexity in one of history's darkest chapters From his time at sea during World War One to leading a nation surrounded by fascist barbarism in the dying days of World War Two this is Horthy's untold story An episode in history that is not only guaranteed to entertain but perhaps even change your very perception of history in its entirety Not a history buff Don't have the time to read thick textbooks Then this book is perfect for you It covers the life of Miklós Horthy at a quick and enjoyable pace that's easy to digest introducing small bits of 20th century history as you make your way through Plus there are pictures Though certainly not as academic as other books on the subject this one will give you a detailed look into everything you need to know about the Kingdom of Hungary's only Admiral Regent *Regent of Hungary* Owen Rutter, 1939

Recollections of a Romanian Diplomat, 1918-1969: Diaries and Memoirs of Raoul V. Bossy, The half century covered by Raoul Bossy's diaries and memoirs was one of major upheaval in the world particularly in Eastern Europe A keen and witty observer Bossy faithfully recorded the reactions of informed people to the then unfolding international events His recollections begin in 1918 when Bossy entered the Romanian diplomatic service as a lowly attaché and began his climb through the ranks cabinet chief of the minister of foreign affairs to political director of the prime minister's office to secretary general of the Romanian regency By the early 1940s he achieved what was at that time the most important posting for a Romanian diplomat envoy to Berlin **Regent of Hungary** Owen Rutter, 1939 *Embers of Empire* Paul Miller, Claire Morelon, 2018-11-29 The collapse of the Habsburg Monarchy at the end of World War I ushered in a period of radical change for East Central European political structures and national identities Yet this transformed landscape inevitably still bore the traces of its imperial past Breaking with traditional histories that take 1918 as a strict line of demarcation this collection focuses on the complexities that attended the transition from the Habsburg Empire to its successor states In so doing it produces new and more nuanced insights into the persistence and effectiveness of imperial institutions as well as the sources of instability in the newly formed nation states **Illustrious Immigrants: The Intellectual Migration from Europe, 1930-41** Laura Fermi, 2021-10-09 Migration from Europe has occurred without interruption since the time America was discovered There have always been some intellectuals educated abroad whose presence and work enriched our culture Laura Fermi however analyzes a new and unique phenomenon in the history of immigration the wave of intellectuals from continental Europe that from 1930 to 1941 brought to these shores well over 20 000 professional refugees Most immigrant intellectuals were pushed out of the European continent by the

dictatorships of that period they were the men and women who came to America fully made with their Ph D s or diplomas from art academies or music conservatories in their pocket and who continue to engage in intellectual pursuits in this country Among them we find Franz Alexander Bruno Bettelheim Enrico Fermi Hannah Arendt Albert Einstein Igor Stravinsky John von Neumann Paul Tillich and a long sequence of Nobel Prize winners and exceptional scholars Their contribution to American life continues to the present Working with a sample of about 1 900 names and relying on personal contacts interviews memoirs newspaper accounts obituaries and similar sources Mrs Fermi succeeds in conveying the significance of the intellectual immigration and the areas of its impact on America She describes the personal trials and the successes of these persons caught up in the web of persecution and peregrinations leading to higher institutions of learning in the United States the delightful style of the book the new light it throws on the period studied from a participant observer s position and the insight it brings forth concerning the mutual enrichment of American and European intellectual communities make it enjoyable and instructive reading Silvano M Tomasi *The International Migration Review* Illustrious Immigrants is an honest and informative book it is well organized well informed well balanced crammed with information with illuminating anecdotes often moving incidents and revealing statistics Peter Gay *The New York Times* Rich in personal anecdote and communication which make delightful reading in so many ways a splendid and useful book tackling with imagination industry and a rare combination of personal concern and emotional detachment a subject that would frighten indeed thus far has frightened professional social historians by its magnitude and complexity Alice Kimball Smith *Science* Laura Fermi has made an effort to bring together materials that exist nowhere else and to juxtapose them so as to reveal patterns that would otherwise be invisible For this we should be grateful Mrs Fermi s work is earnest and responsible Harriet Zuckerman *Physics Today* Laura Fermi is an immensely knowledgeable discerning and unpretentious guide to the influx of the intellectual migration from Fascist Europe as well as a personal example of its lustrous quality this engaging book will prove to be indispensable to all students of transatlantic interactions Cushing Strout *The Annals of the American Academy of Political and Social Science* This is an optimistic book a contribution to a singular chapter in the history of American science and learning Philip Morrison *Scientific American* Catalogue of the Foreign Office Library, 1926-1968: Classified catalogue Great Britain.
