Theodore Powys's Gods and Demons Zouheir Jamoussi, 2016-08-17

The life of Theodore Francis Powys the man and the writer 1875 1953 is a story of determined withdrawal from the contemporary world While his two literary brothers John Cowper and Llewellyn travelled a great deal abroad Theodore after early unsuccessful attempts to join the active world settled into a sedentary life in a remote rural part of Dorset In his retreat protected from the outside world by his omnipresent hills Powys constructed a world half real and half imaginary in which the man and the writer reality and fancy and past and present coexisted and sometimes merged For Powys fear in its various manifestations as fear of God of evil of death and of self was a powerful incentive to write and a source of inspiration for almost everything remarkable in his writings It did not take Powys long to realize that allegory was a literary genre better suited to his literary leanings and peculiar turn of mind than the realism of his early novel writing ventures Under the combined influence of the Bible Bunyan

and Hawthorne he adapted allegory to his specific literary purpose In that regard two distinctive aspects of his allegorical stories namely supernatural visitors and animal symbolism generally overlooked by his critics deserve close attention and are the special focus of this book Few writers have been so strongly and avowedly marked by so many literary and philosophical influences as Powys These range from the Bible Bunyan and Hawthorne to Darwin Hardy Lawrence and Freud However Powys s short stories fables and novels also stand as a unique and original achievement Indeed the influence he himself exerted on some novelists of the younger generation such as William Golding testifies to the power and originality of his writings
