A Wilderness Of Error The Trials Of Jeffrey Macdonald

Harold Schechter

A Wilderness Of Error The Trials Of Jeffrey Macdonald:

A Wilderness of Error Errol Morris, 2014-01-22 Soon to be an FX Docuseries from Emmy Award Winning Producer Marc Smerling The Jinx featuring the author Errol Morris Academy Award winning filmmaker Errol Morris examines one of the most notorious and mysterious murder trials of the twentieth century In this profoundly original meditation on truth and the justice system Errol Morris a former private detective and director of The Thin Blue Line delves deeply into the infamous Jeffrey MacDonald murder case MacDonald whose pregnant wife and two young daughters were brutally murdered in 1970 was convicted of the killings in 1979 and remains in prison today The culmination of an investigation spanning over twenty years and a masterly reinvention of the true crime thriller A Wilderness of Error is a shocking book because it shows that everything we have been told about the case is deeply unreliable and that crucial elements of case against MacDonald are simply not true

The Witch of New York Alex Hortis, 2024-03-05 Before the sensational cases of Amanda Knox and Casey Anthony before even Lizzie Borden there was Polly Bodine the first American woman put on trial for capital murder in our nation s debut media circus On Christmas night December 25 1843 in a serene village on Staten Island shocked neighbors discovered the burnt remains of twenty four year old mother Emeline Houseman and her infant daughter Ann Eliza In a perverse nativity someone bludgeoned to death a mother and child in their home and then covered up the crime with hellfire When an ambitious district attorney charges Polly Bodine Emelin s sister in law with a double homicide the new penny press explodes Polly is a perfect media villain she s a separated wife who drinks gin commits adultery and has had multiple abortions Between June 1844 and April 1846 the nation was enthralled by her three trials in Staten Island Manhattan and Newburgh for the Christmas murders After Polly s legal dream team entered the fray the press and the public debated not only her guilt but her character and fate as a fallen woman in society Public opinion split into different camps over her case Edgar Allen Poe and Walt Whitman covered her case as young newsmen P T Barnum made a circus out of it James Fenimore Cooper s last novel was inspired by her trials The Witch of New York is the first narrative history about the dueling trial lawyers ruthless newsmen and shameless hucksters who turned the Polly Bodine case into America s formative tabloid trial An origin story of how America became addicted to sensationalized reporting of criminal trials The Witch of New York vividly reconstructs an epic mystery from Old New York and uses the Bodine case to challenge our system of tabloid justice of today

Becoming a Graphic and Digital Designer Steven Heller, Veronique Vienne, 2015-04-27 Begin your graphic design career now with the guidance of industry experts Becoming a Graphic and Digital Designer is a single source guide to the myriad of options available to those pursuing a graphic design career With an emphasis on portfolio requirements and job opportunities this guide helps both students and individuals interested in entering the design field prepare for successful careers Coverage includes design inspiration design genres and design education with discussion of the specific career options available in print interactive and motion design Interviews with leading designers like Michael Bierut Stefan

The Myth of the Born Criminal Jarkko Jalava, Stephanie Griffiths, Michael Maraun, 2015-07-06 By some estimates there are as many as twelve million psychopaths in the United States alone Cold blooded remorseless and strangely charismatic they commit at least half of all serious and violent crimes Supposedly most serial killers are psychopaths as surprisingly are large numbers of corporate executives They seem to be an inescapable and fascinating threat in our midst But is psychopathy a brain disorder as many scientists now claim Or is it just a reflection of modern society's deepest fears The Myth of the Born Criminal offers the first comprehensive critique of the concept of psychopathy from the eighteenth century origins of the born criminal theory to the latest neuroimaging behavioural genetics and statistical studies Jarkko Jalava Stephanie Griffiths and Michael Maraun use their expertise in neuropsychology psychometrics and criminology to dispel the myth that psychopathy is a biologically based condition Deconstructing the emotive language with which both research scientists and reporters describe the psychopaths among us they explain how the idea of psychopathy offers a comforting neurobiological solution to the mystery of evil A stunning merger of rigorous science and clear sighted cultural analysis The Myth of the Born Criminal is for anyone who wonders just what truth or fiction lurks behind the study of psychopathy

How to use graphic design to sell things, explain things, make things look better, make people laugh, make people cry, and (every once in a while) change the world Michael Bierut, 2016-01-11 A monograph manual and manifesto by one of the world's leading graphic designers Protégé of design legend Massimo Vignelli and partner in the New York office of the international design firm Pentagram Michael Bierut has had one of the most varied careers of any living graphic designer The 35 projects Bierut presents in this book illustrate the breadth of activity that graphic design encompasses today his goal being to demonstrate not a single ideology but the enthusiastically eclectic approach that has been a hallmark of his career Each project is told in Bierut's own entertaining voice and shown through historic images preliminary drawings including full size reproductions of the notebooks he has maintained for over 30 years working models and rejected alternatives as well as the finished work Along the way he provides insights into the creative process his working life his relationship with clients and the struggles that any

design professional faces in bringing innovative ideas to the world Inspiring informative and authoritative How to is set to be the bible of graphic design ideas

Crimes of the Centuries Steven Chermak Ph.D., Frankie Y. Bailey, 2016-01-25 This multivolume resource is the most extensive reference of its kind offering a comprehensive summary of the misdeeds perpetrators and victims involved in the most memorable crime events in American history This unique reference features the most famous crimes and trials in the United States since colonial times Three comprehensive volumes focus on the most notorious and historically significant crimes that have influenced America's justice system including the life and wrongdoing of Lizzie Borden the bombing of the Sixteenth Street Baptist Church the killing spree and execution of Ted Bundy and the Columbine High School shootings Organized by case the work includes a chronology of major unlawful deeds fascinating primary source documents dozens of sidebars with case trivia and little known facts and an overview of crimes that have shaped criminal justice in the United States over several centuries Each of the 500 entries provides information about the crime the perpetrators and those affected by the misconduct along with a short bibliography to extend learning opportunities The set addresses a breadth of famous trials across American history including the Salem witch trials the conviction of Sacco and Vanzetti and the prosecution of O J Simpson

True Crime in American Media George S. Larke-Walsh, 2023-06-01 This book explores contemporary American true crime narratives across various media formats It dissects the popularity of true crime and the effects both positive and negative this popularity has on perceptions of crime and the justice system in contemporary America As a collection of new scholarship on the development scope and character of true crime in twenty first century American media analyses stretch across film streaming broadcast TV podcasts and novels to explore the variety of ways true crime pervades modern culture The reader is guided through a series of interconnected topics starting with an examination of the contemporary success of true crime the platforms involved the narrative structures and engagement with audiences moving on to debates on representation and the ethics involved in portraying both victims and perpetrators of crime within the genre This collection provides new critical work on American true crime media for all interested readers and especially scholars and students in the humanities and social sciences It offers a significant area of research in social sciences criminology media and English Literature academic disciplines

Conviction Machine Harvey Silverglate, Sidney Powell, 2020-02-18 In 2009 Harvey A Silverglate a prominent criminal defense and civil liberties lawyer published his landmark critique of the federal criminal justice system Three Felonies a Day How the Feds Target the Innocent In 2014 Sidney Powell a former federal prosecutor in three districts under nine United States Attorneys from both political parties and who has been lead counsel in 500 federal appeals published her landmark indictment of the system Licensed To Lie Exposing Corruption in the Department of Justice after she witnessed appalling abuses by prosecutors more than a decade after she entered private practice Now these two leading authorities have combined their knowledge experiences and talents to produce a much needed and long awaited blueprint for reforming the way business is conducted within the Department of

Justice and in the federal criminal courts Both Powell and Silverglate decided to join forces to write this essential and long awaited book in order to answer the questions and the challenges that each of them has faced over the past several years OK they've been told We understand your criticisms Now how about telling us what has to be done to restore justice to federal criminal justice This collaboration is their response

Murderabilia Harold Schechter, 2023-09-26 From veteran true crime master Harold Schechter comes a unique look into the history of crime told through the dark objects left behind The false teeth of a female serial killer from 1908 the cut and paste confession of the Black Dahlia killer the newly cracked cipher of the Zodiac killer the shotgun used in the Clutter family murders which were made famous by Truman Capote's true crime classic *In Cold Blood* these are more than simple artifacts that once belonged to notorious murderers They are objects of fascination to the legion of true crime obsessives around the world And not merely for fleeting dark thrills but because they represent a way to better understand those who we typically label monsters in lieu of learning how they actually became one In *Murderabilia* veteran true crime writer Harold Schechter presents 100 murder related artifacts spanning two centuries 1808-2014 with accompanying stories of various lengths A visual and literary journey it presents a history unlike any previously told in the true crime genre one that speaks to the dark fascination of true crime fans while also presenting a larger historical timeline of how and why we continue to be captivated by the most sensational crimes and killers among us

The Annals of Unsolved Crime Edward Jay Epstein, 2013-03-12 One of America's most acclaimed investigative journalists re-investigates some of the most notorious and mysterious crimes of the last 200 years The beloved head of the UN dies in a tragic plane crash witnesses unearthed years later suggest it wasn't an accident Theories behind the mysterious death of Marilyn Monroe change yearly and some believe Jack the Ripper was a member of the royal family History books say Hitler burned down the Reichstag but did he And who really organized the conspiracy to kill Abraham Lincoln Acclaimed investigative journalist Edward Jay Epstein cut his teeth on one of the most notorious murder mysteries of the 20th century in his first book *Inquest: The Warren Commission and the Establishment of Truth* one of the first books on the assassination and an instant bestseller His conclusion The Commission left open too many questions He examines those questions here as well as some of the most famous unsolved or mysterious crimes of all time coming to some startling conclusions His method in each investigation is simple outline what is known and unknown and show the plausible theories of a case Where more than one theory exists he shows the evidence for and against each And when something remains to be proved he says as much In *The Annals of Unsolved Crime* Epstein re-visits his most famous investigations and adds dozens of new cases From the Lindbergh kidnapping to the JonBenet Ramsey murder case from the Black Dahlia murder to anthrax attacks on America from the vanishing of Jimmy Hoffa to the case of Amanda Knox Epstein considers three dozen high profile crimes and their tangled histories and again proves himself one of our most penetrating journalists

Social Inquiry After Wittgenstein and Kuhn John G. Gunnell, 2014-11-04 A distinctive feature of Ludwig Wittgenstein's work after 1930 was his turn to a conception

of philosophy as a form of social inquiry John G Gunnell argues and Thomas Kuhn's approach to the philosophy of science exemplified this conception In this book Gunnell shows how these philosophers address foundational issues in the social and human sciences particularly the vision of social inquiry as an interpretive endeavor and the distinctive cognitive and practical relationship between social inquiry and its subject matter Gunnell speaks directly to philosophers and practitioners of the social and human sciences He tackles the demarcation between natural and social science the nature of social phenomena the concept and method of interpretation the relationship between language and thought the problem of knowledge of other minds and the character of descriptive and normative judgments about practices that are the object of inquiry Though Wittgenstein and Kuhn are often criticized as initiating a modern descent into relativism this book shows that the true effect of their work was to undermine the basic assumptions of contemporary social and human science practice It also problematized the authority of philosophy and other forms of social inquiry to specify the criteria for judging such matters as truth and justice When Wittgenstein stated that philosophy leaves everything as it is he did not mean that philosophy would be left as it was or that philosophy would have no impact on what it studied but rather that the activity of inquiry did not simply by virtue of its performance transform the object of inquiry

[The Unreality of Memory](#) Elisa Gabbert, 2020-08-20 A work of sheer brilliance beauty and bravery Andrew Sean Greer author of *Less* Masterly Her essays have a clarity and prescience that imply a sort of distant retrospective view like postcards sent from the near future New York Times We stare at our phones We keep multiple tabs open Our chats and conversations are full of the phrase Did you see The feeling that we're living in the worst of times seems to be intensifying alongside a desire to know precisely how bad things have gotten Poet and essayist Elisa Gabbert's *The Unreality of Memory* consists of a series of lyrical and deeply researched meditations on what our culture of catastrophe has done to public discourse and our own inner lives In these tender and prophetic essays she focuses in on our daily preoccupation and favorite pastime desperate distraction from disaster by way of a desperate obsession with the disastrous Moving from public trauma to personal tragedy from the Titanic and Chernobyl to illness and loss *The Unreality of Memory* alternately rips away the facade of our fascination with destruction and gently identifies itself with the age of rubbernecking A balm not a burr Gabbert's essays are a hauntingly perceptive analysis of the anxiety intrinsic in our new digital ways of being and also a means of reconciling ourselves to this new world One of those joyful books that send you to your notebook every page or so desperate not to lose either the thought the author has deftly placed in your mind or the title of a work she has now compelled you to read Paris Review

The Affect Lab Grant Bollmer, 2023-09-29 Examines how our understanding of emotion is shaped by the devices we use to measure it Since the late nineteenth century psychologists have used technological forms of media to measure and analyze emotion In *The Affect Lab* Grant Bollmer examines the use of measurement tools such as electrical shocks photography video and the electroencephalograph to argue that research on emotions has confused the physiology of emotion with the tools that define its inscription Bollmer shows

that the psychological definitions of emotion have long been directly shaped by the physical qualities of the devices used in laboratory research To investigate these devices The Affect Lab examines four technologies related to the history of psychology in North America spiritualist toys at Harvard University serial photography in early American psychological laboratories experiments on psychopaths performed with an instrument called an Offner Dynograph and the development of the electropsychometer or E Meter by Volney Mathison and L Ron Hubbard Challenging the large body of humanities research surrounding affect theory The Affect Lab identifies an understudied problem in formulations of affect how affect is a construction inseparable from the techniques and devices used to identify and measure it Ultimately Bollmer offers a new critique of affect and affect theory demonstrating how deferrals to psychology and neuroscience in contemporary theory and philosophy neglect the material of experimental scientific research Retail e book files for this title are screen reader friendly with images accompanied by short alt text and or extended descriptions **The North Carolina Historical Review** ,2013
