Lemon-Aid Used Cars and Trucks 2011-2012 Phil Edmonston, 2011-04-25 A guide to buying a used car or minivan features information on the strengths and weaknesses of each model a safety summary recalls warranties and service tips Barryisms Barry McAlister, 2014-11-07 After a ways I could see a huge boat mostly buried in the sand while examining the boat it seemed to have been a cabin cruiser about 65 feet long Then walking about 100 feet south of the boat I was stunned to find a human body not something you see every day The person was mostly a skeleton although hair was evident on his head jeans and shirt were tattered and the skull looking toward the sky where I could see some primitive dental work After a couple more frightening traverses while hanging in space I thought we had passed the most difficult situations wrong again We came to a place where you're climbing along the cliff face with no more than 4 inches of rock on which to place your feet That accelerated my heartbeat a tad While hiking on a narrow dike I came face to face with a Bison almost blocking my passage As I walked past he charged me I yelled Stop That and he stopped about 2 feet away Few people have a desire or capability to experience the edge For most of my life I professed To experience life as close to the edge as possible to death as this is the only way to live a life to its fullest Being up here among 12 000 foot peaks in the enchanting time before sunrise will always remain as a consummate memory in my mind I was filled with a delightful wonderment Then there came the serene Alpine Glow as the sun embraced the mountain peaks As John Muir would say A noble experience The sun would occasionally pop out followed by dark clouds and usually hail or sleet I didn't care I was wet in a numbing trance and reduced to taking baby steps forward one step at a time Around 6 pm I reached the road which was back down at 10 000 feet I had only traveled 8 1 2 miles but on the most difficult trek of my life We had chased the Gator near shore I jumped from the boat in knee deep mud struggling through the mud I grabbed the Gator with my left hand and

immediately he came around and imbedded his teeth in my right arm Just as quickly he let go and I loaded him into the boat Mostly I was concerned with infection but a little Rum in the holes took care of that
