Human Rights in the Digital Age Mathias Klang,Andrew Murray,2016-09-01 The digital age began in 1939 with the construction of the first digital computer In the sixty five years that have followed the influence of digitisation on our everyday lives has grown steadily and today digital technology has a greater influence on our lives than at any time since its development This book examines the role played by digital technology in both the exercise and suppression of human rights The global digital environment has allowed us to reinterpret the concept of universal human rights Discourse on human rights need no longer be limited by national or cultural boundaries and individuals have the ability to create new forms in which to exercise their rights or even to bypass national limitations to rights The defence of such rights is meanwhile under constant assault by the newfound ability of states to both suppress and control individual rights through the application of these same digital technologies This book gathers together an international group of experts working within this rapidly developing area of law and technology and focuses their attention on the specific interaction between human rights and digital technology This is the first work to explore the challenges brought about by digital technology to fundamental freedoms such as privacy freedom of expression access

assembly and dignity It is essential reading for anyone who fears digital technology will lead to the Big Brother state **FCO Performance and Finances 2011-12** Great Britain: Parliament: House of Commons: Foreign Affairs Committee,2013-04-19 The Foreign Affairs Committee publishes a wide ranging report on the work of the Foreign and Commonwealth Office FCO and two of its sponsored bodies the BBC World Service and the British Council It makes key recommendations on language skills for top diplomats BBC World service funding and priorities and funding for the British Council For the FCO the exclusion of foreign language skills and reliance purely on general management competencies creates the risk of credibility in respect of key diplomatic postings The Committee finds it unacceptable that the World Service will not know its budget priorities or objectives before the transition to licence fee funding and the new arrangements for oversight by the BBC Trust from April 2014 The British Council will struggle to deliver the UK s foreign policy objectives if cuts to grant funding from the FCO continue at a similar rate The Committee recommends that the FCO should shield the British Council from the effect of any further cuts to the FCO budget in 2015 16 Encyclopedia of Journalism Christopher H.
