

The background of the entire page is a high-contrast, black and white photograph of several Timken bearings. In the upper left, a large bearing is shown from a side-on perspective, revealing its inner and outer rings and the arrangement of balls. Below it, another bearing is partially visible. In the foreground, two more bearings are shown from a top-down perspective, highlighting their smooth, polished surfaces and the precision of their manufacturing. The lighting creates strong highlights and shadows, emphasizing the metallic texture and geometric forms of the components.
