Sir James Augustus Henry Murray

Transcendence By Shay Savage:

Transcendence Shay Savage, 2014-02-14 It is said that women and men are from two different planets when it comes to communication but how can they overcome the obstacles of prehistoric times when one of them simply doesn't have the ability to comprehend language? Ehd is a caveman living on his own in a harsh wilderness. He is strong and intelligent but completely alone. When he finds a beautiful young woman in his pit trap it is obvious to him that she is meant to be his mate. He doesn't know where she came from, she is wearing some pretty odd clothing and she makes a lot of noises with her mouth that give him a headache. Still, he is determined to fulfill his purpose in life: provide for her, protect her, and put a baby in her. Elizabeth doesn't know where she is or exactly how she got there. She is confused and distressed by her predicament and there is a caveman hauling her back to his cavehome. She is not at all interested in Ehd's primitive advances and she just can't seem to get him to listen. No matter what she tries, getting her point across to this primitive but beautiful man is a constant and often hilarious struggle. With only each other for company, they must rely on one another to fight the dangers of the wild and prepare for the winter months. As they struggle to coexist, theirs becomes a love story that transcends language and time.

The Compact Edition of the Oxford English Dictionary Sir James Augustus Henry Murray, 1971 Micrographic reproduction of the 13 volume Oxford English dictionary published in 1933 **Sight and Sound**, 1998 Forthcoming Books Rose Arny, 1991 *Arts & Humanities Citation Index*, 1975 A multidisciplinary index covering the journal literature of the arts and humanities. It fully covers 1,144 of the world's leading arts and humanities journals and indexes individually selected relevant items from over 6,800 major science and social science journals. **Trapped** Shay Savage, 2015-09-08 Bizarre rituals on a remote island in Maine. My crazy neighbor lying naked in the produce section of a grocery store. The sting of a knife as it slices through my flesh. Now I know why they say life is never easy. The soft touch of Tria's hand against my chest is the only thing that keeps me going, but there are consequences. As a fighter, I should be able to deal with anything life throws at me, but there is one circumstance I simply can't handle. I only have one coping mechanism: a tube around my arm and a needle in my vein. **Transcendence** Danielle Ackley-McPhail, 2015-05-22 What Will You Discover Between the Darkness and the Light? When the mortal coil wears thin and the great unknown draws nigh, you might spy the narrow gap between the mystical and the mundane. You might even notice something's looking back. *Transcendence* takes a hard look at humanity in nine tales of difficult choices, great rewards, and journeys beyond expectation. In *Skippy*, Don does not like what he sees in the mirror but will he survive it? A Fury finds form and retribution in *The Kindly One*. If I Had the Chance takes do overs to a new level. Aisa has a deathly choice to make in *The Misses Moirai*. Ruby Red sweeps you away in a dance on the edge of madness. Purgatory is when you think you're damned, hell is when you are right. Fredrich tries to drown his sorrows in *Stoli and Solitude*. For Camirel, finding purpose means total transformation in *Emberling*. *Transcendence* where you look into the heart of a star and find yourself. The extraordinary awaits, will you step beyond the bounds of commonplace existence?
