original numerous practical as well as philosophical issues are explored In an in depth wide ranging interview appearing in book form for the first time Stephen Arroyo answers questions about his early years in astrology how he came to write some

of his classic works and his views on various central issues in astrology's current practice and potential future development. In another chapter he provides concise new observations and guidelines that provide more insightful ways of understanding many factors in both individual birth charts and chart comparisons. In the other sections of this book he discusses what astrology can contribute to psychology, how to understand the Ascendant and possible explanations of transits' powerful effects. And importantly, this is the only book currently available that describes and explores his unique theory of subtones as an incisive psychologically revealing method of achieving greater depth in understanding any birth chart. In short, utilizing subtones is a method of synthesizing the major chart factors in any person's chart in a simple, quick way that people at any level of astrological knowledge can easily learn and reliably use.

Astrologie, karma et transformation (NED) Stephen Arroyo, 2015-05-20. Cette approche originale de l'astrologie se fonde sur la loi du karma et sur l'aspiration à la transformation de soi. En effet, l'être profond est perpétuellement en métamorphose et ce sont les planètes lentes qui dans le thème de chaque individu sont porteuses du dynamisme des actes passés et donc de l'énergie créatrice de nouvelles structures psychologiques, la coloration et la situation de Saturne, Uranus, Neptune et Pluton dans le thème ainsi que la façon dont chacun vit les transits de ces planètes sont des données essentielles pour reconnaître le niveau de conscience de l'individu et sa capacité se transformer. Arroyo nous offre ici une tude positive de Saturne et les pages les plus complètes sur l'influence de Pluton de la littérature astrologique d'aujourd'hui. Stephen Arroyo est l'un des chefs de file de l'école astrologique américaine. Il dispense son enseignement dans ses nombreux centres de la Côte Ouest et l'université J.F. Kennedy. De l'auteur du best-seller *L'Astrologie la psychologie* et les quatre éléments voici le troisième titre publié en France aux Editions du Rocher.
