The Concept of Dharma in Aravind Adiga's "The White Tiger"** Julia Knoth, 2018-04-30 Seminar paper from the year 2016 in the subject American Studies Literature grade 1 0 University of Kassel Anglistik Amerikanistik Literaturwissenschaft course Visions of India language English abstract The guiding question of this paper is how Balram justifies his criminal acts and on which moral concept he bases his decisions In the course of this paper I will attempt to show that the protagonist is a gritty anti hero who does not act in accordance to dharma and reinvents his own concept of morality The first chapter will give a brief explanation of dharma one of the four purushartas a significant concept in Indian philosophy especially in Hinduism when talking about morality Dharma is inextricably linked with the ethos of India and the entire personal social ecological and spiritual life is guided by it for ultimate liberation Mathew 2015 131 In the following chapter the criminal acts committed by the protagonist and the circumstances and reasons leading to it will be analyzed in terms of morality taking the concept of dharma into consideration This chapter underlies the difficulty of how to cope with the paradox issue of the protagonist being a murderer and a victim at the same time Subsequently the strategies employed by the protagonist to justify his immoral acts will be discussed in detail attempting to find out how Balram distinguishes between right and wrong Firstly the depiction of other humans in the novel will be examined since the narrator strategically portrays them as being immoral and corrupt in order to comparatively put himself on a higher level Secondly his heroic self image will be analyzed considering his name the white tiger The third subchapter will focus on how the protagonist employs the metaphor of the rooster coop as a justification for the murder taking the consequences of the murder into account and discussing Balram's ultimate aims **Outlook** , 2008-02-11

Aravind Adiga's "The White Tiger". A Study in Systemic Marginality Samuel Missal, 2015-03-02 Essay from the year 2015

in the subject English Language and Literature Studies Comparative Literature course Faculty member language English

abstract The concept of marginality first developed by the sociologist Robert E Park has evolved over the decades into multifarious dimensions While sociologists geographers environmentalists and economists have used different terms like exclusion peripheralization and marginalization to describe economic and ecological disadvantages postcolonialists have used the concept of the subaltern to critique the empire As a postcolonial text The White Tiger depicts the condition of the marginalized in all its complexity in the post liberalized Indian Society In the novel marginality is seen as a systemic condition that is sustained through the hegemonic exercise of power by one group of people over another This paper attempts to show how such systemic marginality permeates all aspects of the society economic social political and even spatial in the novel The study reveals that The White Tiger is a document of our times that reflects the reality in all its sordidness

Postcolonial Servitude Ambreen Hai, 2024 Domestic servitude is a widespread phenomenon in countries like India Pakistan Sri Lanka where even lower middle class homes rely on domestic workers mostly women and children While social scientists have begun to study this unregulated and exploitative informal sector literary critics have not paid attention to servants in South Asian literatures or examined their political or literary significance Postcolonial Servitude argues that a new generation of writers has begun to rethink this culture of servitude and to devise new forms of writing designed to prompt change in normalized ways of seeing and being It is the first to offer a sustained exploration of servitude and servants in South Asian English literature from the early 20th century to the present
