Watson,2013-12-06 In his life and writings William Faulkner continually created and performed selves Even in letters he often played a part gentleman dandy soldier farmer while in his fictions these and other personae are counterpoised against one another to create a world of controlled chaos made in Faulkner's own protean image and reflective of his own multiple sense of self In this groundbreaking book James Watson draws on the entire Faulkner canon including letters and photographs to decipher the complicated ways in which Faulkner put himself forth as the artist he felt himself to be through written performances and displays based on the life he actually lived and the ones he imagined living The topics Watson treats include the overtly

performative aspects of *The Sound and the Fury* self presentation and performance in private records of Faulkner's life the ways in which his complicated marriage and his relationships to male mentors underlie his fictions recurring motifs of marriages and fatherhood Faulkner's readings of Melville Hawthorne and Thoreau and the problematics of authorial sovereignty his artist as God creation of a fictional cosmos and the epistolary relationships with women that lie in the correspondence behind *Requiem for a Nun*      **Books in Print** ,1982      Reader's Guide to Music Murray Steib,2013-12-02
