New Perspectives on International Comparative Literature Cao Shunqing, Theo D'haen, Liang Chang, Zhou Shu, 2022-07-25 Bringing together 17 articles by renowned scholars from around the globe this volume offers a multi dimensional view of comparative and world literature Drawing on the scope of these scholars collective intellects and insights it connects disparate research contexts to illuminate the multi dimensional views of related areas as we step into the third decade of the 21st century The book will be of particular interest to scholars working in comparative literary and cultural studies and to readers interested in the future of literary studies in a cross culturized world *Ben Elton Collection* Ben Elton, 2009-11-01 Gridlock Too many cars and not enough space equals gridlock Gridlock is when a city dies Killed in the name of freedom Killed in the name of oil and steel Choked on carbon monoxide and strangled with a pair of fluffy dice How did it come to this How did the ultimate freedom machine end up paralysing us all How did we end up driving to our own funeral in somebody else's gravy train Deborah and Geoffrey know but they have transport problems of their own and anyway whoever it was that murdered the city can just as easily murder them Chart Throb Chart Throb The ultimate pop quest Ninety five thousand hopefuls Three judges Just one winner And that's Calvin Simms the genius behind the show Calvin always wins because Calvin writes the rules But this year as he sits smugly in judgement upon the mingers clingers and blingers whom he has pre selected in his carefully scripted search for a star he has no idea that the rules are changing The real is about to be put back into reality television and Calvin and his fellow judges the nation's favourite mum and the other bloke are about to become ex factors themselves Chart Throb One winner A whole bunch of losers Blind Faith Imagine a world where everyone knows everything about everybody Where sharing is valued above all and privacy is considered a dangerous perversion Trafford wouldn't call himself a rebel but he's daring to be different to stand out from the crowd In his own small ways he wants to push against the system But in this world uniformity

is everything And even tiny defiances won't go unnoticed Ben Elton's dark savagely comic novel imagines a post apocalyptic society where religious intolerance combines with a sex obsessed utterly egocentric culture In this world nakedness is modesty independent thought subversive and ignorance is wisdom A chilling vision of what's to come Or something rather closer to home
