Bearing Witness Bearing Witness:

Bearing Witness Courtney S. Campbell, 2019-09-09 In *Bearing Witness* Courtney S. Campbell draws on his experience as a teacher scholar and a bioethics consultant to propose an innovative interpretation of the significance of religious values and traditions for bioethics and health care. The book offers a distinctive exposition of a covenantal ethic of gift response responsibility transformation that informs a quest for meaning in the profound choices that patients, families, and professionals face in creating, sustaining, and ending life. Campbell's account of bearing witness offers new understandings of formative ethical concepts, situates medicine as a calling and vocation rooted in concepts of healing, affirms professional commitments of presence for suffering and dying persons, and presents a prophetic critique of medical assisted death. This book offers compelling critiques of secular models of medical professionalism and of individualistic assumptions that distort the physician-patient relationship. This innovative interpretation bears witness to the relevance of religious perspectives on an array of bioethical issues, from new reproductive technologies to genetics to debates over end-of-life ethics, and bears witness against the oddities of a market-oriented and consumerist vision of health care that is especially salient for an era of health care reform.

Bearing Witness While Black Allissa V. Richardson, 2020 *Bearing Witness While Black* tells the story of this century's most powerful Black social movement through the eyes of 15 activists who documented it. At the height of the Black Lives Matter uprisings, African Americans filmed and tweeted evidence of fatal police encounters in dozens of US cities using little more than the device in their pockets. Their urgent dispatches from the frontlines spurred a global debate on excessive police force, which claimed the lives of African American men, women, and children at disproportionate rates. This groundbreaking book reveals how the perfect storm of smartphones, social media, and social justice empowered Black activists to create their own news outlets, which continued a centuries-long African American tradition of using the news to challenge racism. *Bearing Witness While Black* is the first book of its kind to identify three overlapping eras of domestic terror against African American people: slavery, lynching, and police brutality, and explain how storytellers during each period documented its atrocities through journalism. What results is a stunning genealogy of how the slave narratives of the 1700s inspired the Abolitionist movement, how the black newspapers of the 1800s galvanized the anti-lynching and Civil Rights movements, and how the smartphones of today have powered the anti-police brutality movement. This lineage of black witnessing, Allissa V. Richardson argues, is formidable and forever evolving. Richardson's own activism as an award-winning pioneer of smartphone journalism informs this text. Weaving in personal accounts of her teaching in the US and Africa, and of her own brushes with police brutality, Richardson shares how she has inspired black youth to use mobile devices to speak up from the margins. It is from this vantage point as participant-observer that she urges us not to become numb to the tragic imagery that African Americans have documented. Instead, *Bearing Witness While Black* conveys a crucial need to protect our right to look into the forbidden space of violence against black bodies and to continue to regard the smartphone as an

perception **I Will Bear Witness: 1942-1945** Victor Klemperer, 1998 The best written most evocative most observant record of daily life in the Third Reich Amos Elon The New York Times Victor Klemperer risked his life to preserve these diaries so that he could as he wrote bear witness to the gathering horror of the Nazi regime The son of a Berlin rabbi Klemperer was a German patriot who served with honor during the First World War married a gentile and converted to Protestantism He was a professor of Romance languages at the Dresden Technical Institute a fine scholar and writer and an intellectual of a somewhat conservative disposition Unlike many of his Jewish friends and academic colleagues he feared Hitler from the start and though he felt little allegiance to any religion under Nazi law he was a Jew In the years 1933 to 1941 covered in the first volume of these diaries Klemperer's life is not yet in danger but he loses his professorship his house even his typewriter he is not allowed to drive and since Jews are forbidden to own pets he must put his cat to death Because of his military record and marriage to a full blooded Aryan he is spared deportation but nevertheless Klemperer has to wear the yellow Jewish star and he and his wife Eva are subjected to the ever increasing escalation of Nazi tyranny The distinguished historian Peter Gay in The New York Times Book Review wrote that Klemperer's personal history of how the Third Reich month by month sometimes week by week accelerated its crusade against the Jews gives as accurate a picture of Nazi trickery and brutality as we are likely to have a report from the interior that tells the horrifying story of the evolving Nazi persecution with a concrete vivid power that is and I think will remain unsurpassed This volume begins in 1942 the year of the Final Solution and ends in 1945 with the devastation of Hitler's Germany Rumors of the death camps soon reach the Jews of Dresden now jammed into their so called Jews houses starved humiliated subject day and night to Gestapo raids and terrified as one by one their neighbors are taken away Klemperer is made to shovel snow is assigned to do forced labor in a factory is taunted on the streets by gangs of boys but his life is spared thanks to the privileged status of Jews married to Aryans In the final days of the war however even Jews in mixed marriages are summoned to report for transport to labor camps which Klemperer now knows means death and that his turn will soon come He is saved by the great Dresden air raid of February 13 1945 he and his wife survive the fiery destruction of their city and make their way to the Allied lines In the enthralling and appalling final pages of this miraculous work wrote Niall Ferguson in the London Sunday Telegraph Klemperer all too soon encounters the deliberate amnesia of the defeated Germany What is Gestapo declares a Breslau woman he encounters in May 1945 I've never heard the word I've never been interested in politics I don't know anything about the persecution of the Jews Says Ferguson Of all the books I have read on this subject I find it hard to think of one which has taught me more **A Contemporary Nursing Process** Rozzano C. Locsin, Marguerite Purnell, Marguerite J. Purnell, 2009-04-10 This book speaks against thinking that we can only understand nursing from a traditional logical empirical approach suggesting we need a contemporary process for exploring nursing I can't agree more Journal of Christian Nursing Nurse scholars from across the globe contribute essays to this unique philosophical exploration of today's nursing

This book presents an emerging view that requires nursing to look at its work through a broader and less structured lens. Challenging the structure of the traditional nursing process, the book considers nursing as reflective and thoughtful. Doody's *A Contemporary Nursing Process* re-envisioned the practice of nursing by configuring caring in terms of the person the nurse cares for. Locsin and Purnell stress the importance of knowing the patient and differentiating the person from the disease. This text addresses this highly relevant issue and provides a wealth of insight on how to care for the patient on a personal level while still professionally administering clinical treatment. Chapters discuss how to appreciate persons as participants in their care rather than as objects of care. The ideal of care versus the practical demands of care. Technological advancements shaping human life and nursing. The consequences of not knowing the patient on a personal level.
