11:11 The Time Prompt Phenomenon Marie D. Jones,Larry Flaxman,2009-02-15 Is it happening to you You wake up at night look at the clock and notice that it is 11 11 p m This happens again the next night and the next You think it is a coincidence but what if you were to discover that it was happening to others possibly millions of others all over the world And that it meant something something important The reports of people noticing strange and repeated associations with the number 11 are on the rise prompting theories connecting this phenomenon with the coming Mayan calendar end date of 12 21 2012 But it s not just the number 11 that is showing up in people s lives it is often accompanied by unusual events or

profound insights Mysterious numbers and strange sequences appear throughout the history of human experience What do they mean What secrets do they keep Are these wake up calls to a higher state of consciousness triggers of paranormal experiences or the activation of what some scientists refer to as junk DNA In this fascinating new work You ll learn about Number based patterns in nature such as the Fibonacci spiral the golden ratio and DNA sequences and the secrets of sacred geometry Synchronicity The science behind coincidences and what they might be trying to tell us How the entire universe can be condensed into a handful of mathematical numbers and equations The power of numerology in human lives Is God a number How numbers relate to the creative force behind all reality We live according to times dates and numbers and 11 11 The Time Prompt Phenomenon will explore the mysteries of 11 11 and the many other ways in which numbers compose the very foundation of our reality

The work of the BBC World Service 2008-09 Great Britain: Parliament: House of Commons: Foreign Affairs Committee,2010-02-05 The Committee welcomes a strong performance by the BBC World Service across all media in 2008 09 particularly the unprecedented growth in online audiences The report examines the overall performance noting a global reach in radio and television of 185 million adults a week and the high regard for objectivity and relevance achieved by the Service in surveys of customers Ratings for value and loyalty were also high in some countries The report then reviews specific successes and problems in particular countries or services BBC Arabic television BBC Persian television other language services online and mobile technology China Russia Sri Lanka Rwanda Azerbaijan and administration The Committee concludes that 2009 10 will be a difficult year for the BBC World Service and that further cuts in staff and services should be avoided The World Service is of key importance in providing a source of high quality and politically independent broadcasting worldwide

After Access Jonathan Donner,2015-11-20 An expert considers the effects of a more mobile Internet on socioeconomic development and digital inclusion examining both potentialities and constraints Almost anyone with a 40 mobile phone and a nearby cell tower can get online with an ease unimaginable just twenty years ago An optimistic narrative has proclaimed the mobile phone as the device that will finally close the digital divide Yet access and effective use are not the same thing and the digital world does not run on mobile handsets alone In After Access Jonathan Donner examines the implications of the shift to a more mobile more available Internet for the global South particularly as it relates to efforts to promote socioeconomic development and broad based inclusion in the global information society Drawing on his own research in South Africa and India as well as the burgeoning literature from the ICT4D Internet and Communication Technologies for Development and mobile communication communities Donner introduces the After Access Lens a conceptual framework for understanding effective use of the Internet by those whose digital repertoires contain exclusively mobile devices Donner argues that both the potentialities and constraints of the shift to a more mobile Internet are important considerations for scholars and practitioners interested in Internet use in the global South
