Bbc News Donald Trump:

The New Authoritarianism Alan Waring, 2018-11-21 This two volume book considers from a risk perspective the current phenomenon of the new Alt Right authoritarianism and whether it represents real democracy or an unacceptable hegemony potentially resulting in elected dictatorships and abuses as well as dysfunctional government Contributing authors represent an eclectic range of disciplines including cognitive organizational and political psychology sociology history political science international relations linguistics and discourse analysis and risk analysis The Alt Right threats and risk exposures whether to democracy human rights law and order social welfare racial harmony the economy national security the environment and international relations are identified and analysed across a number of selected countries While Vol 1 focusses on the US Vol 2 ISBN 978 3 8382 1263 0 illuminates the phenomenon in the UK Austria France Germany Netherlands Norway Italy Hungary and Russia Potential strategies to limit the Alt Right threat are proposed *Fake News in America* Anthony R.

DiMaggio, 2023-08-10 The term fake news became a buzzword during Donald Trump's presidency yet it is a term that means very different things to different people This pioneering book provides a comprehensive examination of what Americans mean when they talk about fake news in contemporary politics mass media and societal discourse and explores the various factors that contribute to this such as the power of language political parties ideology media and socialization By analysing a range of case studies across war political corruption climate change conspiracy theories electoral politics and the Covid 19 pandemic it demonstrates how fake news is a fundamentally contested phenomenon and how its meaning varies depending on the person using the term and the political context It provides readers with tools to identify talk about and resist fake news and emphasizes a need for education reform with an eye toward promoting critical thinking and information literacy

On the Question of Truth in the Era of Trump, 2020-04-28 Using a range of critical perspectives *On the Question of Truth in the Era of Trump* closely examines notions of truth in crisis leading up to and after the election of Donald Trump The authors explore how truth is constructed along the lines of race social class and gender as filtered through the self referential characteristics of social media in particular The authors assert that the US left has shown itself inadequate to the task of confronting right wing ideologies which have only intensified since the 2016 election resulting in increased mobilization of white supremacist and nationalist groups Whether underestimating Trump by downplaying the threat of his candidacy during the primaries trivializing the concerns of women and minorities as identity politics or rushing to prioritize the free speech rights of the far right left academics and the media have found themselves unable to use their traditional arsenal of evidence rational discourse and appeals to diversity of viewpoints The authors assert that political resistance to the right is not a matter of playful use of signs and symbols or discourse alone and has to be fought directly and in solidarity At this point it is clear that Trump and his supporters have not just deployed relativism as a form of strategy but have fully weaponized it against their perceived enemies women immigrants minorities LGBTQ people along with educational scientific

and journalistic institutions It is hoped that this in depth critical dissection of truth in the current political reality will assist in the project of resistance Contributors are Faith Agostinone Wilson Mike Cole Jeremy T Godwin Jones Irwin Austin Pickup Daniel Ian Rubin and Eric C Sheffield

A Discourse Analysis of the 'Trumpusconi' Phenomenon Giuseppina Scotto di Carlo, 2020-11-24 Is Trump our contemporary Berlusconi In 2015 Frank Bruni coined the term Trumpusconi when the media noticed some similarities between the then US presidential candidate Donald Trump and Italy's former Prime Minister Silvio Berlusconi At that time while many Italians joked about Trump as a d j vu scholars began to analyse these two political outsiders in an attempt to imagine Trump's probable presidency by studying Berlusconi's career Regardless of any political view it is against this background that this work analyses these two political figures through discourse analysis to understand whether their similarities go beyond their personality traits and lifestyles The work is divided into two sections the first part provides some information on Berlusconi and Trump's socio cultural origins and educational backgrounds their first steps in their real estate careers their progression into the world of media and politics and their relationships with women The second part of the study proposes a discourse analysis performed on a corpus of speeches held by each politician at the beginning of their political career in order to understand whether their personalities and lifestyles are reflected in their idiolects The book partially confirms the media's ideas about the Trumpusconi phenomenon acknowledging some similarities between the two moguls However it also shows that Berlusconi and Trump belong to two different eras even if Berlusconi's lifestyle language scandals and politics will continue to negatively and positively influence Italy for many years to come the era of social media is leading the world towards models that differ from those of his time Western politics is becoming ever more similar to a form of infotainment and Trump is the perfect incarnation of this evolution Only time will reveal his long term legacy

The Trump Presidency Mara Oliva, Mark Shanahan, 2018-08-30 This edited collection delves into the key aspects of the Trump campaign promises around immigration trade social and foreign policy and unpicks how the first year of the presidency has played out in delivering them It charts his first year from both historical and contemporary political standpoints and in the context of comparative pieces stacking Trump's performance against Gold standard presidents such as Reagan Kennedy and the last outsider Eisenhower Focusing in on a number of key elements of the presidency in depth it offers a unique perspective on a presidency like no other drawing on the overriding themes of populism nativist nationalism and the battle for disengagement from the neoliberal power generation

Politics, Principle and Standing Up to Donald Trump Kristen Monroe, 2024-06-17 The Muslim ban Immigrant children caged isolated from their families Downplaying COVID 19 Infatuation with foreign dictators Voter fraud Election denial Encouraging the January 6th 2021 Capital insurrection Despite Donald Trump's many legal and moral abuses most Republican Party leaders continue to support him Why How can we explain Republican complicity True believers in the MAGA cult are rare There are moderate Republican members of Congress Kevin McCarthy Lindsay Graham and Mitch McConnell who publicly rebuked Trump only to later back

down and support him and his version of the truth The motivation driving these powerful political leaders fear self interest lack of moral fiber is less interesting than is a related question What propelled the moral courage of the few traditionally conservative Republicans who refused to go along with Trump and his obvious lies The world saw great physical courage on January 6th as members of the Capital police fought against overwhelming odds risking their lives to protect members of Congress Such physical courage is commendable and rare Yet moral courage the willingness to stand up and fight for what you believe is right even when you know it will cost you is even rarer How can we explain why some Republicans followed their consciences while many others did not This is the topic of this book Analyzing in depth interviews public speeches journals documents and other data from dedicated Republicans Senators McCain Romney and Flake Representatives Kinzinger and Cheney committed Republican stalwarts Rick Wilson and Anthony Scaramucci and dedicated Republican officeholders like Myles Taylor lends insight into both what drives moral courage and the double edged sword aspect of moral courage in politics in which every act of moral courage is also a complex act of betrayal

The Coronavirus Crisis and Its Teachings Roland Benedikter, Karim Fathi, 2021-12-13 In *The Coronavirus Crisis and Its Teachings* Steps towards Multi Resilience Roland Benedikter and Karim Fathi first describe the pluri dimensional characteristics of the Coronavirus crisis Then they draw the pillars for a more multi resilient Post Corona world including socio political recommendations of how to generate it The Coronavirus crisis proved to be a bundle crisis consisting of multiple interconnected crisis dimensions Before Corona most concepts of a resilient society implied a rather isolated focus on only one crisis at a time Future preparedness in the 21st century will require a multi and transdisciplinary risk management concept that the authors call multi resilience Multi resilience means to systematically enhance universal resilience competencies of societies such as collective intelligence or overall responsiveness being applicable to pluri dimensional crisis contexts If the Coronavirus crisis in retrospect will have contributed to implement multi resilience then it will ultimately have contributed to progress This volume includes a Foreword by Jan Nederveen Pieterse and an Afterword by Manfred B Steger

Trump's Media War Catherine Happer, Andrew Hoskins, William Merrin, 2018-10-17 The election of Donald Trump as US President in 2016 seemed to catch the world napping Like the vote for Brexit in the UK there seemed to be a new de synchronicity a huge reality gap between the unfolding of history and the mainstream news media s interpretations of and reporting of contemporary events Through a series of short sharp interventions from academics and journalists this book interrogates the emergent media war around Donald Trump A series of interconnected themes are used to set an agenda for exploration of Trump as the lynch pin in the fall of the liberal mainstream and the rise of the right media mainstream in the USA By exploring topics such as Trump s television celebrity his presidential candidacy and data driven election campaign his use of social media his press conferences and combative relationship with the mainstream media and the question of fake news and his administration s defence of alternative facts the contributors rally together to map the parallels of the seemingly momentous and continuing

shifts in the wider relationship between media and politics

Socializing Militants: How States End Asymmetric Conflict with

Non-State Militants Jeremiah Rozman, 2023-05-09 The twentieth and twenty first centuries have seen states engaged in long term conflicts with asymmetrically weaker non state actors NSA States aim to end these conflicts as quickly as possible by combining force and diplomacy to socialize these militants meaning give them the characteristics of states in order to make a credible bargain achievable The militant s characteristics determine the state s optimal strategy In times of conflict politicians and pundits often march out an oft cited phrase in support of negotiations if you want to make peace you don t talk to your friends You talk to your enemies This is only possible when the opponent is willing to make peace under acceptable terms and able to enforce abidance Some opponents have an ideologically driven fundamental purpose that precludes renouncing violence under terms that a state could accept Others have reasonable demands and are structured in a way that allows productive negotiations In other cases the non state militant is not yet the type that can be bargained with but can be socialized into this type through a state s correct application of force and diplomacy I call this socialization logic I argue that optimally states tailor their strategy to socialize with their opponent to make it possible to successfully negotiate peace In practice the state s strategy is often distorted by its internal and external constraints Socialization logic provides a novel typology of non state militants based on how well interstate conflict bargaining concepts can be applied to them It looks beyond tactics to systematize a framework for understanding how leaders tailor strategy towards non state opponents based on their characteristics Socialization logic examines the NSA type as endogenous to the strategy that the state employs and provides a framework for leaders to design a strategy to end the conflict Finally socialization logic synthesizes critical NSA attributes ideology leadership structure and governance function and the state s strategy distorted by constraints into in an interactive model Through 41 interviews primary and secondary source data I analyze the United States Russia s and Israel s asymmetric conflicts with militants and demonstrate that socialization logic most comprehensively explains their strategies throughout those conflicts

The Dark Triad Brendan Coleman, Victor Dulewicz, 2025-07-17 With penetrating and

measured analysis the authors explore the troubling existence within organisations of narcissism Machiavellianism and

psychopathy aversive personality traits often hiding beneath thinly polished veneers of professionalism and competence

Collateral Damage Kim Darroch, 2020-10-13 One of the UK's most experienced and respected diplomats reveals the inside story behind his resignation and his perspective on the challenges of Brexit and the Trump White House realDonaldTrump The wacky ambassador that the UK foisted on the United States is not someone we are thrilled with a very stupid guy We will no longer deal with him Kim Darroch is one of the UK's most experienced and respected diplomats and this unvarnished behind the scenes account will reveal the inside story behind his resignation describe the challenges of dealing with the Trump White House and offer a diplomat's perspective on Brexit and how it looked to Britain's closest ally Darroch was the British Ambassador to the US as the age of Trump dawned and Brexit unfolded He explains why the British embassy expected a Trump victory from as early as February 2016 what part every key figure from Steve Bannon to Sarah Sanders has played in Trump's administration and what balanced policy makers on both sides of the Atlantic should consider during this era of seismic change and populist politics A riveting account from the best informed insider *Collateral Damage* charts the strangest and most convulsive period in the recent history of Britain and the US and shows how thirty months threatened to overturn three centuries of history *English nationalism, Brexit and the Anglosphere* Ben

Wellings, 2019-05-23 This is the first book to examine the relationship between English nationalism Brexit and the Anglosphere a politically contested term used to denote English speaking countries sharing cultural and historical roots with the UK In the aftermath of the UK's EU referendum some pointed to a revolt of those left behind by globalisation Ben Wellings argues instead that Brexit was and is an elite project firmly situated within the tradition of an expansive English nationalism Far from being parochial Little Englanders elite Brexiteers sought to replace the European Union with trade and security alliances between true friends and traditional allies in the Anglosphere Brexit was thus reassuringly presented as a giant leap into the known As the UK's future relationship with the rest of the world is negotiated the need to understand this English moment has never been more pressing **Understanding the 2022 U.S. Midterm Congressional Elections** Joel

Sievert, James C. Garand, Bruce I Newman, 2025-06-27 This book brings together a group of respected congressional election scholars to explore how and why the 2022 midterm congressional elections unfolded as they did The 2022 midterm congressional elections were full of surprises Most political observers expected the Republicans to gain substantial majority in House of Representatives but instead they secured a narrow majority in the House and lost control of the Senate So what happened Did former President Donald Trump have a negative effect on Republican prospects in both the House and Senate What was the role of recent abortion decisions by the U S Supreme Court in shaping outcomes in House and Senate elections Did redistricting play a major part in shaping the electoral context in a way that favoured one party or the other What about candidate quality that is did variation in the quality of congressional candidates matter What was the role of social media in the 2022 congressional elections In this book the authors explore these important questions This book will appeal to scholars

students and political analysts interested in U S elections contemporary U S politics public policy and political behaviour The chapters in this book were originally published as a special issue of Journal of Political Marketing

SHARDED MEDIA

William Merrin, Andrew Hoskins, 2025-02-20 Sharded Media is the story of how the unleashing of individual public opinion and rage became the most valuable of political currency The digital s sharding of experience through personal networks platforms recommendations and peer linked sources has splintered political awareness experience and activity Rage resentment hypocrisy and a hyporeal self curated reality have fractured the political landscape This book takes the rise of Donald J Trump as both a symptom and a catalyst of this phenomenon embodying the public s disenchantment with liberal democracy and its embrace of a more visceral emotionally driven politics We consider how economic devastation wrought by global neoliberalism and zombie capitalism fuelled public rage against the mainstream ending in a supreme yet odd coalition for Trump with an elite which leveraged technology with anti democratic sentiments to further its goals We show how the liberal mainstream news media MSM made facts and truth their USP their core pitch for trust in precisely the period when they became most elusive It was the MSM that seduced a middle ground of America to believe that they were reality pushing the deplorables to its margins until the margins became the reality

Far and Away Andrew Solomon, 2017-05-23 From the winner of the National Book Award and the National Books Critics Circle Award and one of the most original thinkers of our time Andrew Solomon s magisterial *Far and Away* collects a quarter century of soul shaking essays Vanity Fair *Far and Away* chronicles Andrew Solomon s writings about places undergoing seismic shifts political cultural and spiritual From his stint on the barricades in Moscow in 1991 when he joined artists in resisting the coup whose failure ended the Soviet Union his 2002 account of the rebirth of culture in Afghanistan following the fall of the Taliban his insightful appraisal of a Myanmar seeped in contradictions as it slowly fitfully pushes toward freedom and many other stories of profound upheaval this book provides a unique window onto the very idea of social change With his signature brilliance and compassion Solomon demonstrates both how history is altered by individuals and how personal identities are altered when governments alter A journalist and essayist of remarkable perception and prescience Solomon captures the essence of these cultures Ranging across seven continents and twenty five years these meaty dispatches are brilliant geopolitical travelogues that also comprise a very personal and reflective resume of the National Book Award winner s globe trotting adventures Elle *Far and Away* takes a magnificent journey into the heart of extraordinarily diverse experiences You will not only know the world better after having seen it through Solomon s eyes you will also care about it more Elizabeth Gilbert
