of the ongoing transformation of the web into something that is widely recognized and that will have an enormous impact on how people work and live their lives in the future Presents concepts that will help readers understand why the web evolved as it did what is going on right now and what will happen next UK Banks and the Lessons of the Great Financial Crisis Adam Barber, 2021-05-10 This book demonstrates the variation in the reaction of the UK's big four banks RBS Lloyds Barclays and HSBC to the Great Financial Crisis 2008 Over a decade on from the financial crisis this book asks have banks in the UK learned lessons from the crisis Bank learning in the UK after the Great Financial Crisis is something we need to know more about Whether banks are now safer and more likely to aid rather than disrupt the economy are important questions of social relevance Through a documentary analysis of Britain's big four banks in the post crisis decade 2008-2018 this book demonstrates that while some institutions have become more risk averse and display positive signs of learning others have shown little evidence of change The book uses notions of agency path dependency and structural competitive pressures to explain these inter bank variations of behaviour This book contributes to wider post crash structural debates about growth markets and regulatory reform showing how the agency of banks has played a vital role in driving the reform process

Gendering Women Clisby, Suzanne, Holdsworth, Julia, 2016-02-17 Available Open Access under CC BY NC ND licence Gendering Women is an engaging and accessible account of how constructions of femininity fundamentally affect women's mental wellbeing through the life course Led by women's life history accounts of growing up and growing older in the north of England this book shows how experiences of becoming and being a woman in family life education employment motherhood and situations of violence both enable and erode self confidence and esteem The challenges to women's mental wellbeing cut across age and class differences and have profound impacts on the material conditions of women's lives throughout the life course This is in turn a driver of inequality that is often under recognised in mainstream policy Based on feminist and ethnographically informed research with over five hundred women Gendering women provides a critical link between gender theory and the lived realities of women's daily lives and will appeal to students and academics in sociology and social sciences **Digital Media and Reporting Conflict** Daniel Bennett, 2013-07-18 This book explores the impact of new forms of online reporting on the BBC's coverage of war and terrorism Informed by the views of over 100 BBC staff at all levels of the corporation Bennett captures journalists shifting attitudes towards blogs and internet sources used to cover wars and other conflicts He argues that the BBC's practices and values are fundamentally evolving in response to the challenges of immediate digital publication Ongoing challenges for journalism in the online media environment are identified maintaining impartiality in the face of calls for more open personal journalism ensuring accuracy when the power of the former audience allows news to break at speed and overcoming the limits of the scale of the BBC's news operation in order to meet the demands to present news as conversation While the focus of the book is on the BBC's coverage of war and terrorism the conclusions are more widely relevant to the evolving practice of journalism at traditional media organizations as they

grapple with a revolution in publication The work of the BBC World Service 2008-09 Great Britain: Parliament: House of Commons: Foreign Affairs Committee, 2010-02-05 The Committee welcomes a strong performance by the BBC World Service across all media in 2008 09 particularly the unprecedented growth in online audiences The report examines the overall performance noting a global reach in radio and television of 185 million adults a week and the high regard for objectivity and relevance achieved by the Service in surveys of customers Ratings for value and loyalty were also high in some countries The report then reviews specific successes and problems in particular countries or services BBC Arabic television BBC Persian television other language services online and mobile technology China Russia Sri Lanka Rwanda Azerbaijan and administration The Committee concludes that 2009 10 will be a difficult year for the BBC World Service and that further cuts in staff and services should be avoided The World Service is of key importance in providing a source of high quality and politically independent broadcasting worldwide *NEWSPEAK in the 21st Century* David Edwards, David Cromwell, 2009-08-20 Media Lens mission is to correct the distorted vision of the liberal media A thorn in the side of the Guardian Independent Channel 4 and the BBC among many others it is constantly under counterfire by those it attacks These responses are collected in Newspeak They expose the arrogance and servility to power of our leading journalists and editors starring Andrew Marr Alan Rusbridger Roger Alton Jon Snow Jeremy Bowen and even George Monbiot Packed with forensic media analysis revealing the lethal bias in balanced reporting Even the best UK media turn out to be cheerleaders for government business and war Alongside an A Z of BBC propaganda and chapters on Iraq and climate change Newspeak focuses on the demonisation of Iran and Venezuela the Israel Palestine conflict the myth of impartial reporting and the dark art of smearing dissidents **Using Secondary Data In Educational And Social Research** Smith, Emma, 2008-09-01 This comprehensive guide introduces students to the use of secondary data in educational and social research and provides a practical resource for researchers who are new to the field of secondary data analysis **The BBC and the Public** Barrie Gunter, 2024-10-23 This book examines the relationship between the public and the BBC in terms of public use of the BBC and their attitudes towards it These audience research measures are being used as metrics to assess the value of the BBC to the UK public Some of the attitudinal measures address perceptions of the BBC's outputs and some examine public views about the way the BBC is funded and managed The book has been written at a time when the BBC reached its centenary and also the mid point of its latest Royal Charter period At the time of writing the government had begun a mid term review of its performance as judged by its attainment of objectives set out in that Charter The Secretary of State for Digital Culture Media and Sport at the time of the mid term review had spoken and written openly about abolishing the TV licence fee and the introduction of a new funding model for the BBC that would be implemented in its new Royal Charter due to be enacted in 2027 Against this backdrop this book examines public opinion about the funding of the BBC and then looks at changing media consumption habits and how these have affected patronage of the BBC's outputs Ultimately a decision must be taken

about the kind of national broadcaster the UK both is government and its citizens would like to keep in the future Changing the funding model without first defining what the BBC should do and how it should be structured and resourced to do it could result in a messy solution that satisfies and benefits no one *The International Directory of Government 2022* Europa Publications,2022-08-05 The International Directory of Government is the definitive guide to people in power in every part of the world All the top decision makers are included in this one volume publication which brings together government institutions agencies and personnel from the largest nations China India Russia etc to the smallest overseas dependencies Guadeloupe Guernsey and Christmas Island etc Institutional entries contain the names and titles of principal officials postal e mail and internet addresses telephone and fax numbers where applicable and other relevant details Key features comprehensive lists of government ministers and ministries coverage of state related agencies and other institutions arranged by subject heading details of important state provincial and regional administrations including information on US states Russian republics and the states and territories of India Contents include A comprehensive directory section organized by country or territory Details of co ordinating bodies and of foundations trusts and non profit organizations A full index of organizations and indexes by main activity and by geographical area of activity *Willing's Press Guide* ,2004 Coverage of publications outside the UK and in non English languages expands steadily until in 1991 it occupies enough of the Guide to require publication in parts *Ethnicity And Crime: A Reader* Spalek, Basia,2008-07-01 Basia Spalek has compiled an excellent reader about a much researched and highly sensitive subject Crucially she contextualises ethnicity and crime within broadly defined social and intellectual contexts avoiding the limitation of all too frequently repeated research based solely on statistical measures and policy evaluations Simon Holdaway Professor of Criminology and Sociology Sheffield University Issues in relation to race and ethnicity have generated substantial and ever growing interest from and within a multitude of academic research and policy contexts This book brings together important material in race and ethnic studies and provides different ways of thinking about race and ethnicity in relation to crime and the criminal justice system *Ethnicity and Crime A Reader* consists of a collection of works that capture the main themes that arise from within this vast area of work It is divided into five sections Race and crime racial discrimination and criminal justice The racialisation of crime Social political and cultural contexts Race ethnicity and victimisation Self and discipline reflexivity Ethnic identities and crime Ethnic identities institutional reflexivity and crime Each section contains recurring and overlapping themes and includes many different ways of thinking about race and ethnicity in relation to crime It spans theoretical approaches that might be labelled as positivist critical race analyses left realist approaches feminist as well as post modern perspectives This is the first title in the new series Readings in Criminology and Criminal Justice and follows the series format of thematic sections together with an editor s introduction to the complete volume and an introduction to each section **Frontiers in New Media Research** Francis Lap Fung Lee,2013 This volume puts together the works of a group of distinguished scholars and active researchers

FCO Performance and Finances 2011-12 Great Britain: Parliament: House of Commons: Foreign Affairs Committee, 2013-04-19 The Foreign Affairs Committee publishes a wide ranging report on the work of the Foreign and Commonwealth Office FCO and two of its sponsored bodies the BBC World Service and the British Council It makes key recommendations on language skills for top diplomats BBC World service funding and priorities and funding for the British Council For the FCO the exclusion of foreign language skills and reliance purely on general management competencies creates the risk of credibility in respect of key diplomatic postings The Committee finds it unacceptable that the World Service will not know its budget priorities or objectives before the transition to licence fee funding and the new arrangements for oversight by the BBC Trust from April 2014 The British Council will struggle to deliver the UK's foreign policy objectives if cuts to grant funding from the FCO continue at a similar rate The Committee recommends that the FCO should shield the British Council from the effect of any further cuts to the FCO budget in 2015 16
