Moon, include people who made cotton and iron goods looking for new places to sell and resources to use, ship owners wanting safe spots for their ships to refuel and stay secure, and folks making weapons, uniforms, and things for railways and telegraphs, who saw it as a business opportunity to supply colonial governments. Also, bankers were keen on lending money to colonies for building things like railways and growing their economies. Each group had its own reasons for wanting colonies, whether it was about business, safety, or financial gains.
