Standard	Description	Standard	Description	Standard	Description
3.NF.A. Make sense of fractions and compare by looking them.	Mathematically proficient students start by explaining to themselves the meaning of a problem and looking for entry points to its solution. They analyze givens, constraints, relationships, and goals. They make conjectures about the form and meaning of the solution and plan a solution pathway. When they work, they justify their steps, explain their choices, and monitor their progress. They use a variety of representations to model the problem and to monitor their progress. They use a variety of representations to model the problem and to monitor their progress.	3.NF.A.
