the race history or resources in house To remedy the situation Ford searched the U K for an independent company to help accelerate its race car development It first settled on Lola Cars and set up Ford Advanced Vehicles Later Ford brought its LeMans effort to the U S and the Kar Kraft relationship was established Although Kar Kraft was technically an independent company it really only had one customer Ford Special Vehicles Kar Kraft s story doesn t begin and end with the GT 40 that took the win away from Ferrari at Le Mans Ford expanded upon the program and organized an all out assault on racing in general Cars were prepared for Trans Am NASCAR NHRA and Can Am competition Street versions of the Boss 429 were assembled under its roof And fabled prototypes including the LID Mustang Boss 302 Maverick and Mach 2C were all assembled in Ford s contracted race shop And then out of the blue its doors closed for good on a cold day in 1970 History tells us that Ford won Le Mans the Daytona 500 and the Trans Am championship But it doesn t tell us how this was accomplished Author Charlie Henry a former Kar Kraft employee has enlisted the help of many of his former co workers to bring you the very first book ever published on Ford s all encompassing special projects facility Kar Kraft
