Legacy of Violence John D. Bessler,2003 The first comprehensive history of lynchings and state sanctioned executions in Minnesota Minnesota is one of only twelve states that does not allow the death penalty but that was not always the case In fact until 1911 executions in the state were legal and frequently carried out In Legacy of Violence John D Bessler takes us on a compelling journey through the history of lynchings and state sanctioned executions that dramatically shaped Minnesota s past Through personal accounts of those involved with the events Bessler traces the history of both famous and lesser known executions and lynchings in Minnesota the state s anti death penalty and anti lynching movements and the role of the media in the death penalty debate Bessler reveals Abraham Lincoln thoughts as he ordered the largest mass execution in U S history of thirty eight Indians in Mankato after the Dakota Conflict of 1862 He recounts the events surrounding the death of Ann Bilansky the only woman ever executed in Minnesota and the infamous botched hanging of William Williams which led to renewed calls for the abolition of capital punishment He tells the story of the 1920 lynching in Duluth of three African Americans circus workers wrongfully accused of rape and the anti lynching crusade that followed The significant role that Minnesota played in America s transformation to private after dark executions is presented in the discussion of the midnight

assassination law Bessler's account is made more timely by thirty five hundred people on death row in America today more than at any other time in our nation's history Is Minnesota's current approach superior to that of states that have capital punishment Bessler looks at Minnesota history to ask whether the application of the death penalty can truly solve the problem of violence in America

Growing Girls Susan A Miller, 2007-07-20 In the early years of the twentieth century Americans began to recognize adolescence as a developmental phase distinct from both childhood and adulthood This awareness however came fraught with anxiety about the debilitating effects of modern life on adolescents of both sexes For boys competitive sports as well as primitive outdoor activities offered by fledgling organizations such as the Boy Scouts would enable them to combat the effeminacy of an overly civilized society But for girls the remedy wasn't quite so clear Surprisingly the girl problem a crisis caused by the transition from a sheltered family centered Victorian childhood to modern adolescence where self control and a strong democratic spirit were required of reliable citizens was also solved by way of traditionally masculine adventurous outdoor activities as practiced by the Girl Scouts the Camp Fire Girls and many other similar organizations Susan A Miller explores these girls organizations that sprung up in the first half of the twentieth century from a socio historical perspective showing how the notions of uniform identity civic duty primitive domesticity and fitness shaped the formation of the modern girl

Company Towns Neil White, 2012-05-07 Company towns are often portrayed as powerless communities fundamentally dependent on the outside influence of global capital Neil White challenges this interpretation by exploring

how these communities were altered at the local level through human agency missteps and chance Far from being homogeneous these company towns are shown to be unique communities with equally unique histories Company Towns provides a multi layered international comparison between the development of two settlements the mining community of Mount Isa Queensland Australia and the mill town of Corner Brook Newfoundland Canada White pinpoints crucial differences between the towns experiences by contrasting each region s histories from various perspectives business urban labour civic and socio cultural Company Towns also makes use of a sizable collection of previously neglected oral history sources and town records providing an illuminating portrait of divergence that defies efforts to impose structure on the company town phenomenon Sessional Papers Great Britain.
