Bright, 2013-11-01 This book explores the decision of the British Empire to import Chinese labour to southern Africa despite the already tense racial situation in the region It enables a clearer understanding of racial and political developments in southern Africa during the reconstruction period and places localised issues within a wider historiography *On Active Service with the Chinese Regiment A Record of the Operations of the First Chinese Regiment in North China from March to October 1900* A. A. S. Barnes, 2009-11 The Boxers more properly the Society of Harmonious Fists were a popular xenophobic Chinese movement that arose at the end of the 19th century in protest at the increasing domination of China by foreign powers and the associated activities of Christian missionaries In 1899 the Boxers seized control of the capital Beijing and persuaded the Dowager Qing Empress to become their figurehead leader Foreigners in the city retreated to the legation quarter which was besieged by the Boxers Eight powers Britain the US Russia Germany France Japan Italy and Austria launched a relief expedition which reached Beijing and lifted the siege after 100 days This book tells the story of the British officered Chinese regiment in the suppression of the Boxer Uprising *The Origins of the Boxer War* Lanxin Xiang, 2014-02-04 This is the first book to provide a panoramic view of the origins of the Boxer War Comprehensively examining this historical conundrum of the 20th century from a detached perspective the book is based on ten years of exhaustive research of both unpublished and published materials from all nine countries involved Analysing the misunderstanding between the Chinese and foreign governments of the day Lanxin Xiang debunks the traditional view that the anti foreign Empress Dowager of the Chinese Empire was chiefly responsible for this catastrophic episode which altered the course of 20th century China's relationship with the west *German Colonial Wars and the Context of Military Violence* Susanne Kuss, 2017-03-27 Some historians have traced a line from Germany's atrocities in its colonial wars to those committed by the Nazis during WWII Susanne Kuss dismantles these claims rejecting the notion that a distinctive military ethos or policy of genocide guided Germany's conduct of operations in Africa and China despite acts of unquestionable brutality **Unknown China** Andrew Timofeevich, 2008-03 IN THIS ISSUE The War Of The Civilizations Being The Record
