Pat Barker John Brannigan, 2005 This book offers readings of Barker's innovations in narrative form her revisionist perspectives on history class and gender and her preoccupation with themes of trauma haunting and terror It also analyzes the reasons for her success and significance as a novelist The chapters draw on contemporary theories of critical realism gender and social identities memory and narrative in order to outline the debates with which Barker's work has consistently engaged Reciprocal Haunting: Pat Barker's Regeneration Trilogy Karen Patrick Knutsen, **The Oxford Encyclopedia of British Literature** David Scott Kastan, 2006-03-03 From folk ballads to film scripts this new five volume encyclopedia covers the entire history of British literature from the seventh century to the present focusing on the writers and the major texts of what are now the United Kingdom and the Republic of Ireland In five hundred substantial essays written by major scholars the Encyclopedia of British Literature includes biographies of nearly four hundred individual authors and a hundred topical essays with detailed analyses of particular themes movements genres and institutions whose impact upon the writing or the reading of literature was significant An ideal companion to The Oxford Encyclopedia of American Literature this set will prove invaluable for students scholars and general readers For more information including a complete table of contents and list of contributors please visit www.oup.com/us/eb1 Critical Perspectives on Pat Barker Sharon Monteith, 2005 These essays cover the work and career of Pat Barker providing insight into her novels from *Union Street* 1982 through the *Regeneration* trilogy 1991-95 to *Double Vision* 2003 The essays are organized into Writing Working Class Women Dialogue under Pressure Men at War The Talking Cure and Regenerating the Wasteland **Re-reading Pat Barker** Pat Wheeler, 2020-05-15 Re-Reading Pat Barker brings together a number of scholars from across the world who explore in detail the work of one of Britain's most notable contemporary novelists The essays both acknowledge and engage with previous scholarship re-establishing Barker's eminence as a writer and adding to existing critical perspectives In the collection established Barker scholars return to her work re-reading her novels to offer fresh and innovative readings and other critics who have not previously published on Barker offer new insights into her body of work The contributors examine a number of thematic concerns including matrilineal heritage masculinity the body ways of seeing institutional and personal violence psychoanalysis and gender and class The essays in the collection explore the broader social and historical aspects of Barker's novels and the aesthetics and ethical issues in her work drawing our attention to the ways that she engages with the world gesturing towards new ways of seeing and to the possibilities of personal and political regeneration The collection shows there is still much to say about the novels and the ways in which we choose to read them The Fiction of Pat Barker Merritt Moseley, 2014-05-28 Pat Barker is one of the most important authors of her time Her fiction has won many awards including the Booker Prize for *The Ghost Road* the last novel in her celebrated *Regeneration* trilogy and has attracted much critical attention This stimulating Guide examines the key critical responses to the full range of Barker's fiction from

newspaper reviews and journal articles to revealing interviews and book length scholarship Merritt Moseley also explores the central themes which run through Barker's novels and the criticism such as the issues of gender class social realism violence and trauma Tracing the development of Barker's fiction through the surrounding critical works this is an indispensable volume for anyone with an interest in one of Britain's most popular and widely studied contemporary writers **A**

Professional's Guide to Understanding Trauma and Loss David E. Balk, Tracy Wong, Janet R. Balk, 2023-06-05 The purpose of this book is to provide vital information regarding loss and trauma to practicing counselors and therapists Trauma and loss are pervasive presenting problems many counselors and therapists possess scant understanding of trauma and loss and little if any attention is paid to trauma or to loss in the graduate training of clinical psychology and counseling psychology students The book is organized into four sections which cover an overview of loss and trauma key conceptual frameworks for understanding loss and trauma review of several types of events producing trauma and loss and interventions addressing loss and trauma A key contribution of the book is the focus on losses caused by death and losses due to other reasons The contributions to practice include the overview of what is known about trauma and about loss examination of several frameworks for organizing both understanding of and working with traumatized and bereaved clients rich descriptive cases of individuals coping with various traumatic events and the losses embedded in the trauma and presentation of various interventions including changes that can be made in the graduate education of practitioners The Long Shadow David

Reynolds, 2013-11-07 In Britain we have lost touch with the Great War Our overriding sense now is of a meaningless futile bloodbath in the mud of Flanders of young men whose lives were cut off in their prime for no evident purpose But by reducing the conflict to personal tragedies however moving we have lost the big picture the history has been distilled into poetry In The Long Shadow critically acclaimed author David Reynolds seeks to redress the balance by exploring the true impact of 1914-18 on the 20th century Some of the Great War's legacies were negative and pernicious but others proved transformative in a positive sense Exploring big themes such as democracy and empire nationalism and capitalism and re-examining the differing impacts of the War on Britain Ireland and the United States The Long Shadow throws light on the whole of the last century and demonstrates that 1914-18 is a conflict that Britain more than any other nation is still struggling to comprehend Stunningly broad in its historical perspective The Long Shadow is a magisterial and seismic re-presentation of the Great War **Collective Traumas** Conny Mithander, 2007 Collective Traumas is about the traumatic

European history of the 20th century war genocide dictatorship ethnic cleansing and how individuals communities and nations have dealt with their dark past through remembrance historiography and legal settlements Memories and especially collective memories serve as foundations for national identities and are politically charged Regardless whether memory is used to support or to challenge established ideologies it is inevitably subject to political tensions Consequently memory history and amnesia tend to be used and abused for different political and ideological purposes From the perspectives of

historical literary and visual studies the essays focus on how the experiences of war and profound conflict have been represented and remembered in different national cultures and communities This volume is a vital contribution to memory studies and trauma theory Collective Traumas is a result of the multidisciplinary research project on Memory Culture that was initiated in 2002 at Karlstad University Sweden A previous publication with Peter Lang is Memory Work The Theory and Practice of Memory 2005

Kerby, Denise Burkhard, Alison Bedford, Marion Gymnich, Margaret M. Baguley, 2025-09-30 This book is grounded in the belief that every nation had its own Great War and that children's picture books are an important barometer of each country's national approach To explore the depiction of the Great War in modern Australian British and French children's picture books where this historical event is reimagined in different ways as a futile conflict as a painful victory and as part of one country's founding mythology this book uses the concept of the hero's journey as an underlying framework It claims that this monomythic pattern as developed by Joseph Campbell and modified by Christopher Vogler not only informs all picture books selected for this project but can also

be used to highlight the extent to which modern children's picture book authors and illustrators conform to their respective nation's cultural memory. It further maintains that the specific historical context of the Great War in these children's picture books can be used to identify a variant of the hero's journey: the ordinary soldier's journey. This analysis of children's picture books about the Great War through the lens of Campbell's hero's journey will be of interest to both students and researchers in the fields of children's literature, literary theory, history, cultural studies, and education.

The History of Emotions Jan Plamper, 2015. The history of emotions is one of the fastest growing fields in current historical debate and this is the first book-length introduction to the field synthesizing the current research and offering direction for future study. The History of Emotions is organized around the debate between social constructivist and universalist theories of emotion that has shaped most emotions research in a variety of disciplines for more than a hundred years. Social constructivists believe that emotions are largely learned and subject to historical change, while universalists insist on the timelessness and pan-culturalism of emotions. In historicizing and problematizing this binary, Jan Plamper opens emotions research beyond constructivism and universalism; he also maps a vast terrain of thought about feelings in anthropology, philosophy, sociology, linguistics, art history, political science, the life sciences, from nineteenth-century experimental psychology to the latest affective neuroscience and history from ancient times to the present day.

Defamiliarizing the Aboriginal Julia Emberley, 2007-01-01. In Defamiliarizing the Aboriginal, Julia V. Emberley examines the historical production of aboriginality in colonial cultural practices and its impact on the everyday lives of indigenous women, youth, and children.

Henri de Rothschild, 1872-1947 Harry W. Paul, 2011. This is a fascinating and vividly written study of Henri de Rothschild, a somewhat neglected figure in the history of the illustrious Rothschild family. It will make a valuable addition to the libraries of scholars from several branches of the history of medicine and those studying child health and welfare; the portrayal of doctors in literature and more broadly the social and cultural life of early twentieth-century Paris.
