Popular Culture and the Political Values of Neoliberalism George A. Gonzalez, 2019-02-01 Reality is made up of the Absolute and Causality The absolute most saliently philosophized about by Georg Hegel is where normative values inhere Causality can be described as the measurable effects of the normative values of the absolute and the laws of physics also ostensibly a product of the absolute Humans are special insofar as they access the higher aspects of the Absolute altruism compassion love humor science engineering etc The Absolute also contains what can be considered the less attractive values or impulses greed lust for power hate self centeredness conceit etc Predicating society on what I deem the lower spirits aspects of the absolute most prominently greed results in personal social dysfunction and ultimately the end of civilization Conversely a society based on justice is stable and vibrant Justice is a classless society free of gender and ethnic biases My argument is based on popular culture especially the Star Trek franchise One implication of my thesis is that capitalist values generate psychological neurosis and societal instability even catastrophe Additionally the political values that dominate the current neoliberalist world system and especially the American government are the other the will to power resulting in war and global political instability Popular culture is germane to philosophy and contemporary politics because television movie creators frequently try to attract viewers by conveying authentic philosophical and political motifs Conversely viewers seek out authentic movies and television shows This is in contrast to opinion surveys for instance as the formation of the data begins with the surveyor seeking to directly solicit an opinion however impromptu or shallow

Doctor Who and Philosophy Courtland Lewis, Paula Smith, 2010-10-22 Not only is Doctor Who the longest running science fiction TV show in history but it has also been translated into numerous languages broadcast around the world and referred to as the way of the future by some

British politicians The Classic Doctor Who series built up a loyal American cult following with regular conventions and other activities The new series relaunched in 2005 has emerged from culthood into mass awareness with a steadily growing viewership and major sales of DVDs The current series featuring the Eleventh Doctor Matt Smith is breaking all earlier records in both the UK and the US Doctor Who is a continuing story about the adventures of a mysterious alien known as the Doctor a traveller of both time and space whose spacecraft is the TARDIS Time and Relative Dimensions in Space which from the outside looks like a British police telephone box of the 1950s The TARDIS is bigger on the inside than on the outside actually the interior is immense The Doctor looks human but has two hearts and a knowledge of all languages in the universe Periodically when the show changes the leading actor the Doctor regenerates

Popular Culture, Conspiracy Theory, and the Star Trek Text George A. Gonzalez, 2020-03-04 The forward progress of society is not automatic and should not be taken for granted The assassination of President John F Kennedy in 1963 can be viewed as ending his effort to deploy American prestige and power to forward change worldwide Today there are political forces seeking to stop progressive social political and economic change Whatever the reasons such forces are conspiring to impose authoritarianism to suppress the public's desire for just democratic government The brutality violence viciousness and racism dystopia of authoritarianism are becoming more and more the hallmark of world politics Perhaps the most glaring aspect of this dystopia is the fact that the American state has been almost continuously at war for the past thirty years including a sinister dastardly drone assassination program One means to obscure the ongoing conspiracy to ultimately impose outright dictatorship on the American people and the rest of the world is to smear and malign critics of this conspiracy as guilty of conspiracy theory advocating and embracing baseless fantasies
