The Soul Of Kierkegaard Selections From His Journals By Sren Kierkegaard:

The Soul of Kierkegaard Søren Kierkegaard, 2012-07-12 Kierkegaard's journals reflect his further thoughts on the ideas developed in his philosophical and theological works on his tumultuous career as an author and on his own relationship with his work and readers

Christian Discourses Søren Kierkegaard, 2007 The International Kierkegaard Commentary For the first time in English the world community of scholars systematically assembled and presented the results of recent research in the vast literature of Søren Kierkegaard Based on the definitive English edition of Kierkegaard's works by Princeton University Press this series of commentaries addresses all the published texts of the influential Danish philosopher and theologian This is volume 17 in a series of commentaries based upon the definitive translations of Kierkegaard's writings published by Princeton University Press 1980ff

From Despair to Faith Christopher B. Barnett, 2014-07-03 Søren Kierkegaard has been called many things from brooding genius and melancholy Dane to the father of existentialism Yet rather than clarify the nature of Kierkegaard's writings such labels have often obscured other important aspects of his authorship Such indeed is the case with Kierkegaard's standing as a spiritual author In *From Despair to Faith* The Spirituality of Søren Kierkegaard Christopher B. Barnett endeavors to remedy this problem He does so in two overarching ways First he orients the reader to Kierkegaard's grounding in the Christian spiritual tradition as well as to the Dane's own authorial stress on themes such as upbuilding spiritual journey and faith Second Barnett maintains that Kierkegaard's spirituality is best understood through the various pictures that populate his authorship These pictures are deemed icons of faith since Kierkegaard consistently recommends that the reader contemplate them In this way they both represent and communicate what Kierkegaard sees as the fulfillment of Christian existence In the end then *From Despair to Faith* not only offers a new way of approaching Kierkegaard's writings but also shows how they might serve to illuminate and to deepen one's relationship with the divine

Kierkegaard's Journals and Notebooks, Volume 7 Søren Kierkegaard, 2014-10-05 For over a century the Danish thinker Søren Kierkegaard 1813-55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought psychology and contemporary aesthetics especially literary theory Despite his relatively short life Kierkegaard was an extraordinarily prolific writer as attested to by the 26 volume Princeton University Press edition of all of his published writings But Kierkegaard left behind nearly as much unpublished writing most of which consists of what are called his journals and notebooks Kierkegaard has long been recognized as one of history's great journal keepers but only rather small portions of his journals and notebooks are what we usually understand by the term diaries By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects philosophical religious political personal Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought We can witness the genesis of his published works to be sure but we can also see whole galaxies of concepts new insights and fragments large and small of

partially or almost entirely completed but unpublished works Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself Volume 7 of this 11 volume series includes six of Kierkegaard's important NB journals Journals NB15 through NB20 covering the months from early January 1850 to mid September of that year By this time it had become clear that popular sovereignty ushered in by the revolution of 1848 and ratified by the Danish constitution of 1849 had come to stay and Kierkegaard now intensified his criticism of the notion that everything even matters involving the human soul could be decided by balloting He also continued to direct his barbs at the established Danish Church and its clergy particularly Bishop J P Mynster and Professor H L Martensen at the press and at the attempt by modern philosophy to comprehend the incomprehensibility of faith Kierkegaard's reading notes include entries on Augustine the Stoics German mystics Luther pietist authors and Rousseau while his autobiographical reflections circle around the question of which if any of several essays explaining his life and works he ought to publish Perhaps unsurprisingly Kierkegaard's more personal reflections return once again to his public feud with M A Goldschmidt and his broken engagement to Regine Olsen Kierkegaard wrote his journals in a two column format one for his initial entries and the second for the extensive marginal comments that he added later This edition of the journals reproduces this format includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced

Early Polemical Writings Robert L. Perkins, 1999 This collection is the first focused effort to bring modern research techniques to bear on Kierkegaard's earliest polemical writings and literary efforts as gathered in the first volume of Kierkegaard's Writings under the title Early Polemical Writings Some of these pieces the speech at the student union Our Journalistic Literature and the rather strident though silly play The Battle between the Old and the New Soap Cellars were not published during Kierkegaard's lifetime

Papers and Journals Søren Kierkegaard, 2015-08-06 One of the greatest thinkers of the nineteenth century Søren Kierkegaard 1814-55 often expressed himself through pseudonyms and disguises Taken from his personal writings these private reflections reveal the development of his own thought and personality from his time as a young student to the deep later internal conflict that formed the basis for his masterpiece of duality Either/Or and beyond Expressing his beliefs with a freedom not seen in works he published during his lifetime Kierkegaard here rejects for the first time his father's conventional Christianity and forges the revolutionary idea of the leap of faith required for true religious belief A combination of theoretical argument vivid natural description and sharply honed wit the Papers and Journals reveal to the full the passionate integrity of his lifelong efforts to find a truth which is truth for me

Søren Kierkegaard's Journals and Papers, Volume 1 Søren Kierkegaard, Gregor Malantschuk, 1967-03-22

I can be understood only after my death Kierkegaard noted prophetically the fulfillment of this expectation for the English speaking world a century and a quarter later is signified by the English translation in authoritative editions of all his works by the indefatigable Howard and Edna Hong The importance of the Papirer was emphasized by Kierkegaard himself The essentially religious interpretation he gave to his mission in life and his personal relationships is now documented clearly and exhaustively Obviously these editions are essential for academic and large general collections Library Journal From this point on anyone interested in tracking down a Kierkegaardian theme will have to consult the Hong presentation as well as the books of Kierkegaard Annual Review of Philosophy The translations are entirely excellent One envies the Hong's their capacity in language the breadth of their reading in Kierkegaard and his sources and the dedication they brought to this Herculean task The assistance of Gregor Malantschuk has contributed materially to the notes which serve as trenchant summaries of Kierkegaard's thought on the topics This is indeed a monumental work Review of Metaphysics an astonishing labor of editing and translating International Studies in Philosophy Howard and Edna Hong have brought to the task solid scholarship linguistic competence an imaginative and useful arrangement of the material and a scrupulous self effacement before the work No one could ask for more Citation of the Judges at the National Book Awards We must be grateful to the Hong's for their enormous labor Kierkegaard's Journals and Papers are worth having for angry days or inward days especially when they

have been translated in as lively and sensitive a manner as are the texts in this first volume. The incidental writings of Søren Kierkegaard published in the twenty volume Danish edition of the *Papirer* provide direct access to the thought of the many faceted nineteenth century philosopher who exerted so profound an influence on Protestant theology and modern existentialism. This important material which Danish scholars regard as the key to the scriptures of Kierkegaard's other work spans his entire productive life, the last entry of the *Papirer* being dated only a few days before his death. These writings have been previously inaccessible in English except for a few fragmentary selections; the most significant writings are now being made available in this definitive seven volume edition under the editorship of two expert scholars and translators.

Kierkegaard's scattered writings fall into three main subject groupings: journal entries of varied content; notes and early versions of his published material; and personal reactions to his reading and study. In length and degree of polish they range from brief and cryptic notes to extensive lecture material, finished travel sketches and extended philosophical speculation. The translators provide annotations, copious notes and a collation of entries with the Danish *Papirer*. The editors group the selections in Volumes I through IV by theme, with all entries on a given subject under the same heading. Within subject headings, entries are arranged chronologically, making it feasible to trace the evolution of Kierkegaard's thought on a specific topic. Volumes V and VI are devoted to autobiographical material. Volume VII contains an extensive index with topical crossreferences.

Kierkegaard's Journals and Notebooks, Volume 9 Søren Kierkegaard, 2017-05-09

For over a century the Danish thinker Søren Kierkegaard (1813-55) has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought, psychology and contemporary aesthetics, especially literary theory. Despite his relatively short life, Kierkegaard was an extraordinarily prolific writer, as attested to by the 26 volume Princeton University Press edition of all of his published writings. But Kierkegaard left behind nearly as much unpublished writing, most of which consists of what are called his journals and notebooks. Kierkegaard has long been recognized as one of history's great journal keepers, but only rather small portions of his journals and notebooks are what we usually understand by the term diaries. By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects: philosophical, religious, political, personal. Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought. We can witness the genesis of his published works to be sure, but we can also see whole galaxies of concepts, new insights and fragments, large and small, of partially or almost entirely completed but unpublished works. Kierkegaard's *Journals and Notebooks* enables us to see the thinker in dialogue with his times and with himself. Kierkegaard wrote his journals in a two column format: one for his initial entries and the second for the extensive marginal comments that he added later. This edition of the journals reproduces this format, includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced. Volume 9 of this 11 volume series includes five of Kierkegaard's important NB

journals Journals NB26 through NB30 which span from June 1852 to August 1854 This period was marked by Kierkegaard's increasing preoccupation with what he saw as an unbridgeable gulf in Christianity between the absolute ideal of the religion of the New Testament and the official state sanctioned culture of Christendom which embodied by the Danish People's Church Kierkegaard rejected with increasing vehemence Crucially Kierkegaard's nemesis Bishop Jakob Peter Mynster died during this period and in the months following Kierkegaard can be seen moving inexorably toward the famous attack on Christendom with which he ended his life
