Journey to Enlightenment Susan Lightwater,2000-04-28 Journey To Enlightenment is a book for the truly sincere individual in search of spiritual progression It comes from a true source remembered from counselors on a higher level who are interested in teaching mankind to not get so attached with the illusions on this plane That we are only living in a shadow of a shadow of reality That we can come to truths not by listening to others but by going within our own God Self for the answers and getting in tune with our intuition The journey into enlightenment is magical but not gained by magic It takes hard work and a deep commitment towards that aim It takes the understanding that the hardest thing to overcome is also within The ego is the part of us that wants control and we freely give it full reign It is not until we can control our thoughts learn to live in the silence and accept what is our life that we will come to our true selves

Transformed into the Same Image Paul Copan,Michael M. C. Reardon,2024-10-15 Though the doctrine of theosis has been gaining interest among scholars for some time most have focused on Roman Catholic or Orthodox traditions In this constructive account of deification biblical scholars and theologians focus on the work of major Protestant thinkers and Protestant expressions of the doctrine

Foundations of Christian Thought Mark P. Cosgrove, Written by a veteran Christian educator this readable book describes the relationship between the Christian faith and the world of learning by looking at the five modern worldviews competing with Christian theism

Ecology & the Jewish Spirit

Ellen Bernstein,2012-09-24 What is nature s place in our spiritual lives In today s modern culture we ve become separated from the sacredness of the natural world This book offers a different eye and soul opening way of viewing our religion A perspective grounded in nature and rich in insights for seekers of all faiths Respect for the holiness of Creation our duty to protect the natural world reverence for the land a focus on nature is part of the fabric of Jewish thought Here innovative contributors bring us a richer understanding of the long neglected themes of nature that are woven through the biblical creation story ancient texts traditional law the holiday cycles prayer mitzvot good deeds and community Ecology the Jewish

Spirit explores the wisdom that the Jewish tradition has to offer all of us to help nature become a sacred spiritual part of our own lives **A Course in Miracles OE - Complete** William Thetford; Helen Schucman,2023-12-26 [Walking With Angels and Dragons](#) Savta Chapman,2015-02-27 These true stories are Yahweh's story written through the lives of His people. They take place within the context of a Hebraic Christian Community and it is an exciting expedition that just happens to occur in the lives of two midwives who live life caught in the crossfire between the natural and supernatural realms. Nanna and Mercy live life from the Kingdom backwards and truly delight in bringing the Kingdom of Heaven down into the earth. Their stories are presented as tiny portraits of the Heart of our beloved Father and hopefully will bring a smile to your face and joy to your heart. They are shared in hopes of stirring up curiosity, expanding your vision and wonder and awakening a hunger for the things unseen that can impact the birth of each new spirit vessel exponentially. Expect the itsy bitsy glimpses into the heavenlies to inspire your faith in Him. More information may be found on www.HebraicMidwifery.com
