Art History ,2004 This text examines all the major debates and issues using a wide range of well known examples It discusses the challenge of using verbal and written language to analyse a visual form Arnold also examines the many different ways of writing about art and the changing boundaries of the subject of art history **Modern Art** David Cottington, 2005-02-24 As public interest in modern art continues to grow as witnessed by the spectacular success of Tate Modern and the Bilbao Guggenheim there is a real need for a book that will engage general readers offering them not only information and ideas about modern art but also explaining its contemporary relevance and history This book achieves all this and focuses on interrogating the idea of modern art by asking such questions as What has made a work of art qualify as modern or fail to How has this selection been made What is the relationship between modern and contemporary art Is postmodernist art no longer modern or just no longer modernist in either case why and what does this claim mean both for art and the idea of the modern Cottington examines many key aspects of this subject including the issue of controversy in modern art from Manet's *Dejeuner sur l'Herbe* 1863 to Picasso's *Les Femmes d'Alger* and Tracey Emin's *Bed* 1999 and the role of the dealer from the main Cubist art dealer Kahnweiler to Charles Saatchi ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *Art History: A Very Short Introduction* Dana Arnold, 2004-01-22 This clear and concise new introduction examines all the major debates and issues using a wide range of well known examples It discusses the challenge of using verbal and written language to analyse a visual form Dana

Arnold also examines the many different ways of writing about art and the changing boundaries of the subject of art history. Topics covered include the canon of Art History, the role of the gallery, blockbuster exhibitions, the emergence of social histories of art, Feminist Art History or Queer Art History, for example, the impact of photography and the development of Art History using artefacts such as the altarpiece, the portrait or pornography to explore social and cultural issues such as consumption, taste, religion and politics. Importantly, this book explains how the traditional emphasis on periods and styles originates in western art production and can obscure other critical approaches as well as art from non-western cultures.

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. Contemporary Art: A Very Short Introduction Julian Stallabrass, 2006-03-23 Bloodied toy soldiers, gilded shopping carts and Lego concentration camps. Contemporary art is supposed to be a realm of freedom where artists shock, break taboos and switch between confronting viewers with works of great profundity and jaw-dropping triviality. But away from shock tactics in the gallery, there are many unanswered questions: What is contemporary about contemporary art? What effect do politics and big business have on art? And who really runs the art world? Previously published as *Art Incorporated*, this controversial and witty Very Short Introduction is an exploration of the global art scene that will change the way you see contemporary art.

BOOK JACKET Art History Vsi Dana Arnold, 2006-01-31 **Russian History: A Very Short**

Introduction Geoffrey Hosking, 2012-03-29 Geoffrey Hosking discusses all aspects of Russian history from the struggle by the state to control society, Russia's relationship with the West, Europe, the Soviet experience and the post-Soviet era.

Art History Dana Arnold, 2020-01-23 Art history encompasses the study of the history and development of painting, sculpture and the other visual arts. In this Very Short Introduction, Dana Arnold presents an introduction to the issues, debates and artefacts that make up art history. Beginning with a consideration of what art history is, she explains what makes the subject distinctive from other fields of study and also explores the emergence of social histories of art such as Feminist Art History and Queer Art History. Using a wide range of images, she goes on to explore key aspects of the discipline, including how we write, present, read and look at art and the impact this has on our understanding of art history. This second edition includes a new chapter on global art histories, considering how the traditional emphasis on periods and styles in art originated in western art and can obscure other critical approaches and artwork from non-western cultures. Arnold also discusses the relationship between art and history and the ways in which art can tell a different history from the one narrated by texts.
