THE GUIDE TO ANSWERING ISLAM Daniel Janosik, 2019-01-26 The average Christian knows somewhat how dangerous radical Islam is because of the regular media coverage of beheadings of Christians Jews and even young little children not to mention Muslims with which they disagree However the average Christian does not know their true beliefs just how many there are to the extent they will go to carry out these beliefs Daily we find Islamic commentators on the TV and radio offering up misleading information quoting certain portions of the Quran while leaving other parts out When considering Islamic beliefs other Islamic writings must be considered like the Hadith or Sunnah and the Shariah or canon law While Islam in general does not support radical Islam the vast majority do support radical beliefs For example beheadings stoning for adultery or homosexuality suicide bombings turning the world into an Islamic state and far too many other heinous things *THE GUIDE TO ANSWERING ISLAM* provides Christians with an overview of Islamic terminology The reader will learn about Muhammad s calling the history of the Quran how Islam expanded the death of Muhammad and the splinter groups that followed In addition the three sources of their teaching six pillars of belief five pillars of Islam the twelfth Imam and much more will be discussed While there are several books on Islam and radical Islam this will be the first that will prepare its readers to communicate effectively with Muslims in an effort toward sharing biblical truths *THE GUIDE TO ISLAM* will be an effective evangelism tool In addition each chapter will end with review questions helping the reader recall the main points of the chapter Therefore it can be studied alone or in a church Bible study setting *THE GUIDE TO ANSWERING ISLAM* has the contents constructed in a way that will greatly serve the Christian Church There are many recent books written by Christians about Islam and there are many books written recently about radical Islam However none of these recent books attempts to do what has been done which is to give an adequate portrayal of Islam critiqued by history

and Christian doctrine and then culminating in an extensive evaluation of the rise of Radical Islam from a Christian s perspective *Catechesis for the New Evangelization* Brian Pedraza,2020-06-12 Popes Francis Benedict XVI and John Paul II have called the present a time of New Evangelization for the Church and have stressed the importance of catechesis for this mission John Paul II claimed that this renewal of the Church s mission is grounded in the teachings of the Second Vatican Council Nevertheless approaches to catechesis in the conciliar and postconciliar era have varied greatly as evidenced by the shifts in catechetical practice effected by the modern catechetical movement Just as the dominant forms of theology changed from neo scholastic to anthropological approaches so too did catechesis move from catechism based approaches to more anthropological models based upon human experience In light of this context *Catechesis for the New Evangelization* examines the theological foundations of catechesis in the Church s understanding of divine revelation and its reception by the human person especially as found in the conciliar constitutions *Dei Verbum* and *Gaudium et Spes* After drawing norms on divine revelation from these documents it traces the history of the modern catechetical movement in order to compare this history with the conciliar norms highlighting the renewal s strengths and weaknesses These steps prepare the way for the main part of the book an examination of the anthropology of Karol Wojty a Pope John Paul II Ultimately his anthropology provides an understanding of the person that can unite divine revelation and human experience in a way that takes what is best from the modern catechetical movement while developing the ministry in a way that can be fruitful for the New Evangelization Pedraza s book is not only an incisive look at modern catechetical history and theory It also touches upon some of the most important theological topics of the past century including the neo scholastic crisis the proper interpretation of the Council the relationship of nature and grace and the modern understanding of the imago dei with the research and competency appropriate for scholarly interest and the accessibility needed for educated practitioners in catechesis
