Daily Graphic Ransford Tetteh, 2014-03-03 *Public Relations and the Public Interest* Jane Johnston, 2016-02-12 In this book Johnston seeks to put the public interest onto the public relations radar arguing the need for its clear articulation into mainstream public relations discourse This book examines literature from a range of fields and disciplines to develop a clearer understanding of the concept and then considers this within the theory and practice of public relations The book s themes include the role of language and discourse in establishing successful public interest PR and in perpetuating power imbalances intersections between CSR governance law and the public interest and how activism and social media have invigorated community control of the public interest Chapters explore the role of the public interest including cross cultural and multicultural challenges community and internal consultation communication choices and listening to minorities and subaltern publics Accounting for Slavery Caitlin Rosenthal, 2019-10-15 A Five Books Best Economics Book of the Year A Politico Great Weekend Read Absolutely compelling Diane Coyle The evolution of modern management is usually associated with good old fashioned intelligence and ingenuity But capitalism is not just about the free market it was also built on the backs of slaves Forbes The story of modern management generally looks to the factories of England and New England for its genesis But after scouring through old accounting books Caitlin Rosenthal discovered that Southern planter capitalists practiced an early form of scientific management They took meticulous notes carefully recording daily profits and productivity and subjected their slaves to experiments and incentive strategies comprised of rewards and brutal punishment Challenging the traditional depiction of slavery as a barrier to innovation Accounting for Slavery shows how elite planters turned their power over enslaved people into a productivity advantage The result is a groundbreaking investigation of business practices in Southern and West Indian plantations and an essential contribution to our understanding of slavery s relationship with capitalism Slavery in the United States was a business A morally reprehensible and very profitable business Rosenthal argues that slaveholders were using advanced management and accounting techniques long before their northern counterparts Techniques that are still used by businesses today Marketplace Rosenthal pored over hundreds of account books from U S and West Indian plantations She found that their owners employed advanced accounting and management tools including depreciation and standardized efficiency metrics Harvard Business Review **Widening University Access and Participation in the Global South** Edward Mboyonga, 2024-12-31 Using a capability approach as an analytical framework this timely volume examines how access to higher education enabled through private universities can transform students lives and contribute to human development in low income countries in the Global South Providing new insights into the contribution of the private higher education sector in Africa s developmental agendas the book offers an alternative to human capital theory by offering an expansive notion on the value of higher education emphasising both the economic and the intrinsic societal and social benefits that come from access to university and raised aspirations The chapters identify and

discuss six specific capabilities valued by students that higher education provides This includes epistemological access epistemic contribution aspiration recognition respect and belonging Ubuntu and employability The book foregrounds the voices of students and lecturers to explore students aspirations agency access and participation Ultimately promoting a reconsideration of access to higher education beyond numerical terms by focusing on students access to transformative knowledge as means to promote their freedom to achieve well being the book will appeal to scholars researchers and postgraduate students in higher education African education studies and international and comparative education more broadly Budget Colorado Mountain College,2018 Climate Change and Critical Agrarian Studies Ian

Scoones, Saturnino M. Borras Jr., Amita Baviskar, Marc Edelman, Nancy Lee Peluso, Wendy Wolford, 2023-11-30 Climate change is perhaps the greatest threat to humanity today and plays out as a cruel engine of myriad forms of injustice violence and destruction The effects of climate change from human made emissions of greenhouse gases are devastating and accelerating yet are uncertain and uneven both in terms of geography and socio economic impacts Emerging from the dynamics of capitalism since the industrial revolution as well as industrialisation under state led socialism the consequences of climate change are especially profound for the countryside and its inhabitants The book interrogates the narratives and strategies that frame climate change and examines the institutionalised responses in agrarian settings highlighting what exclusions and inclusions result It explores how different people in relation to class and other co constituted axes of social difference such as gender race ethnicity age and occupation are affected by climate change as well as the climate adaptation and mitigation responses being implemented in rural areas The book in turn explores how climate change and the responses to it affect processes of social differentiation trajectories of accumulation and in turn agrarian politics Finally the book examines what strategies are required to confront climate change and the underlying political economic dynamics that cause it reflecting on what this means for agrarian struggles across the world The 26 chapters in this volume explore how the relationship between capitalism and climate change plays out in the rural world and in particular the way agrarian struggles connect with the huge challenge of climate change Through a huge variety of case studies alongside more conceptual chapters the book makes the often missing connection between climate change and critical agrarian studies The book argues that making the connection between climate and agrarian justice is crucial The chapters in this book were originally published in The Journal of Peasant Studies The Open Access version of this book available at <https://www.taylorfrancis.com/books/oa-edit/10.4324/9781003467960/climate-change-critical-agrarian-studies-ian-scoones-saturnino-borras-jr-amita-baviskar-marc-edelman-nancy-lee-peluso-wendy-wolford> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license A version of the open access title is also available on the OAPEN platform <https://library.oapen.org/handle/20.500.12657/85297> Design as Scholarship Vanessa Svihla, RICHARD REEVE, 2016-01-29 For researchers in the Learning Sciences there is a lack of literature on current design practices and its many obstacles Design as Scholarship in
