The principal thematic significance of Odysseus's refusal to accept _____'s offer of unaging immortality Ans- Calypso's offer; at first seems to go against Achilles' advice to live life to its fullest/value life but really, death is a part of life so to live without fear of the ultimate sacrifice isn't really living. Also, immortality is a stasis especially without aging and so it's the opposite of what achilles said. So odysseus is choosing life and to value it by turning down Calypso; he's choosing a life that's more honorable than a god's.

She instead says it's because she sees in him certain things about herself; they're both quick-witted and cagey.

so it has challenged the very meaning of consumer society and tackled some of the key economic social and political issues associated with the era of globalization In Prosperity for All the first international history of consumer activism Matthew Hilton shows that modern consumer advocacy reached the peak of its influence in the decades after World War II Growing out of the product testing activities of Consumer Reports and its international counterparts including Which in the United Kingdom Que Choisir in France and Test in Germany consumerism evolved into a truly global social movement Consumer unions NGOs and individual activists like Ralph Nader emerged in countries around the world including developing countries in Southeast Asia and Latin America concerned with creating a more equitable marketplace and articulating a politics of consumption that addressed the needs of both individuals and society as a whole Consumer activists achieved many victories from making cars safer to highlighting the dangers of using baby formula instead of breast milk in countries with no access to clean water The 1980s saw a reversal in the consumer movement s fortunes thanks in large part to the rise of an antiregulatory agenda both in the United States and internationally In the process the definition of consumerism changed focusing more on choice than on access As Hilton shows this change reflects more broadly on the dilemmas we all face as consumers Do we want more stuff and more prosperity for ourselves or do we want others less fortunate to be able to enjoy the same opportunities and standard of living that we do Prosperity for All makes clear that by abandoning a more idealistic vision for consumer society we reduce consumers to little more than shoppers and we deny the vast majority of the world s population the fruits of affluence
