## **Activism Aid Experience Development Democracy:**

**Inciting Democracy** Randy Schutt, 2001-09-10 Inciting Democracy offers a vision of what a good society might look like and explores how we can overcome five key obstacles to creating such a society It offers a practical way to develop a large decentralized education and support program that can increase the skills knowledge and strength of hundreds of thousands of goodhearted people so they can democratically and nonviolently transform society through grassroots change movements It also provides a realistic long term vision of success a vision that can encourage and inspire people working for positive change thus making success more likely Global Responses to AIDS Cristiana Bastos, 1999-11-22 a coherent and fascinating social analysis of AIDS related knowledge examining the social facts of knowledge production and developments interior to communities of science Medical Humanities Review a multilayered composite approach that involves multisited ethnographic research in different spheres of the collective responses to AIDS Choice The response to AIDS from various groups in developing knowledge of and about this health crisis is the focus of this revealing work Rio de Janeiro serves as an observation point for the study of the intersecting worlds of activism clinical practice and biomedical research **A Survey and Analysis of "Supporting Human Rights and Democracy--the U.S. Record 2002-2003"** United States. Congress. House. Committee on International Relations, 2003 Aiding Democracy Abroad Thomas Carothers, 2011-09 Aid to promote democracy abroad has emerged as a major growth industry in recent years Not only the United States but many other Western countries international institutions and private foundations today use aid to support democratic transitions in Eastern Europe the former Soviet Union Asia Africa Latin America and the Middle East Though extensive in scope these activities remain little understood outside the realm of specialists Debates among policymakers over democracy promotion oscillate between unhelpful poles of extreme skepticism and unrealistic boosterism while the vast majority of citizens in aid providing countries have little awareness of the democracy building efforts their governments sponsor Aiding Democracy Abroad is the first independent comprehensive assessment of this important new field Drawing on extensive field research and years of hands on experience Thomas Carothers examines democracy aid programs relating to elections political parties governmental reform rule of law civil society independent media labor unions decentralization and other elements of what he describes as the democracy template that policymakers and aid officials apply around the world Steering a careful path between the inflated claims of aid advocates and the exaggerated criticisms of their opponents Carothers takes a hard look at what such programs achieve and how they can be improved **Russia's Road To Deeper Democracy** Tom Bjorkman, 2004-05-13 Russia has embarked on a slow but steady path of foreign policy alignment with the West President Vladimir Putin's market oriented economic policies and structural reforms have added momentum But in the long run the decisive factor in Russia's relationship with the West will be the nature of the political order it builds on the ruins of communism There is a broad consensus among Western observers that Russia's effort to build Western style democratic

institutions in the eleven years since the Soviet collapse has stalled somewhere between democracy as understood in the West and the highly authoritarian order Russia inherited from the USSR Some would say that Russia is doomed by its history and political culture to a lengthy period of semi authoritarianism In Russia's Road to Deeper Democracy Tom Bjorkman presents evidence that this assessment is too pessimistic and underestimates the forces for political change that lie beneath the surface of what seems to be an era of political somnolence Bjorkman argues that it is not the weight of history or the antidemocratic attitudes of the Russian population that restrain Russia from making progress toward stronger democratic institutions but specific leadership policies and elements of Russia's political elite who have a self interest in maintaining the status quo Putin and other senior leaders support for proposals for democratic change now under discussion in Russia can create the kind of competitive political marketplace that the country needs to avoid political stagnation and begin to build the strong and prosperous state that all Russians want America exerts a large influence on Russia's debate about its political future by demonstrating that Russia's progress toward a stronger democratic order matters to the United States and by treating Russia as a part of the West the United States can buttress internal forces pushing for a deeper Russian democracy

**Activists in Transition** Thushara Dibley, Michele Ford, 2019-12-15 Activists in Transition examines the relationship between social movements and democratization in Indonesia Collectively progressive social movements have played a critical role over in ensuring that different groups of citizens can engage directly in and benefit from the political process in a way that was not possible under authoritarianism However their individual roles have been different with some playing a decisive role in the destabilization of the regime and others serving as bell weathers of the advancement or otherwise of Indonesia's democracy in the decades since Equally important democratization has affected social movements differently depending on the form taken by each movement during the New Order period The book assesses the contribution that nine progressive social movements have made to the democratization of Indonesia since the late 1980s and how in turn each of those movements has been influenced by democratization

**Proceedings of The 7th International Conference on Gender Research** Ana Isabel Azevedo, The International Conference on Gender Research ICGR is a well established academic conference that has been held annually for seven years bringing together scholars practitioners and researchers from around the world to explore diverse issues related to gender This conference provides a multidisciplinary platform where participants are encouraged to engage in discussions and present research findings on various aspects of gender studies The diversity of the research discussed and the participants involved in the event is an important reflection on how Gender Studies impact all corners of life The International Conference on Gender Research has developed into a comprehensive forum that addresses a wide range of topics related to gender making it a key event for those engaged in gender studies and related fields The published conference proceedings from these events serve as a valuable resource for ongoing research and scholarship in the area of gender research The Proceedings of the 8th International Conference on Gender Research 2025

includes Academic research papers PhD research papers Masters and work in progress papers which have been presented and discussed at the ICGR conference The proceedings are of an academic level appropriate to a professional research audience including graduates postgraduates doctoral and post doctoral researchers All papers have been double blind peer reviewed by members of the Review Committee

State-Sponsored Activism Jessica Rich,2019-03-14 Through a study of AIDS policy this book introduces a new model of state society relations in democratic Brazil

*Marketing Democracy* Erin A. Snider,2022-03-31 By focusing on the construction and practice of democracy aid this book shows how democracy aid can reinforce rather than challenge authoritarian regimes

**The Oxford Handbook of Expertise and Democratic Politics** Gil Eyal,Thomas Medvetz,2023 In The Oxford Handbook of Expertise and Democratic Politics Gil Eyal and Thomas Medvetz have brought together a broad group of scholars who have engaged substantively and theoretically with debates regarding the nature of expertise and the social roles of experts to examines these areas within sociology and allied disciplines The analyses take an historical and relational approach to the topic and are motivated by the sense that growing mistrust in experts represents a danger to democratic politics today Bringing together investigations from social scientists philosophers and legal scholars into the political dimensions of expertise this Handbook connects interdisciplinary work done in science and technology studies with the more classic concerns topics and concepts of sociologists of professions and intellectuals

**Handbook on World Social Forum Activism** Jackie Smith,Ellen Reese,Scott Byrd,Elizabeth Smythe,2015-11-17 The World Social Forum WSF has become the focus for a diverse array of movements advancing alternative visions of globalisation The numerous WSF s have helped to connect activists in an increasingly dense network of advocates for radical social change They have mobilised hundreds of thousands of people and may be one of the most important political developments of our time The Handbook of World Social Forum Activism brings together leading scholars of the social forum process from North America and Europe The collection contributes to the ongoing process of reflection from the WSF experience and is accessible to activists students and scholars alike

Promoting Democracy United States. General Accounting Office,1996

Neo-liberalism Or Democracy? Arthur MacEwan,1999 Explores some central tenets of modern economics subjecting them to trenchant examination including the case for free trade and the inevitability of ever more grotesque income inequalities The book argues that there is a feasible alternative in a democratically controlled economic strategy

*Foreign Operations, Export Financing, and Related Programs Appropriations for 2002* United States. Congress. House. Committee on Appropriations. Subcommittee on Foreign Operations, Export Financing, and Related Programs,2001

**From Solidarity to Geopolitics** Tsveta Petrova,2014-09-22 This book theorizes a mechanism underlying regime change waves the deliberate efforts of diffusion entrepreneurs to spread a particular regime and regime change model across state borders Why do only certain states and nonstate actors emerge as such entrepreneurs Why how and how effectively do they support regime change abroad To answer these questions the book studies the entrepreneurs behind the third wave of

democratization with a focus on the new eastern European democracies members of the European Union The study finds that it is not the strongest democracies nor the democracies trying to ensure their survival in a neighborhood of nondemocracies that become the most active diffusion entrepreneurs It is instead the countries where the organizers of the domestic democratic transitions build strong solidarity movements supporting the spread of democracy abroad that do The book also draws parallels between their activism abroad and their experiences with democratization and democracy assistance at home

Burnt by Democracy Jacqueline Kennelly, 2023-11-30 *Burnt by Democracy* traces the political ascendance of neoliberalism and its effects on youth The book explores democracy and citizenship as described in interviews with over forty young people ages 16 to 30 who have either experienced homelessness or identify as an activist living in five liberal democracies Canada Australia New Zealand the United States and the United Kingdom Highlighting significant cuts to social and affordable housing astronomical increases in the costs of higher education and the transformation and erosion of state benefits systems Jacqueline Kennelly argues that democracy's decline is not occurring because young people are apathetic or focused on informal politics or unaware of their civic duties Rather it is because of collective misunderstanding about how democracy is actually structured how individuals learn to participate and how growing wealth inequality has undermined the capacity of those at the bottom to meaningfully advocate for changes that might improve their conditions Against a vivid and often heart breaking backdrop of stories from young people struggling to survive and thrive under conditions of ever expanding state retrenchment and inequality *Burnt by Democracy* makes a timely and impassioned plea for protecting and strengthening democracy by truly levelling the playing field for all

#### **Women's Social Activism in the New Ukraine**

Sarah D. Phillips, 2008-06-25 Considers democratization privatization and women's lives in postcolonial Ukraine

Democracy Assistance Bypassing Governments in Recipient Countries Paulina Pospieszna, 2018-07-18 This book addresses important and under researched issues such as the role of young people in democratization processes the role of new democracies in sharing their transition experience and the effectiveness of aid A major theme of the book is democracy assistance efforts by the NGOs from Central and Eastern Europe to support young people in Eastern Europe the Western Balkans and Central Asia It examines this theme in a comparative perspective and with a deeper analysis of reasons and ways to support young people the need to support them and the effectiveness of these efforts Bringing together a wide range of material on democracy assistance of Central and Eastern European countries that includes surveying the providers and beneficiaries of aid and looking for better methods of impact evaluation the book advances a framework for assessing democracy assistance efforts It concludes with implications of the impact of democracy assistance on young people and democracy diffusion from Central and Eastern European democracies to other countries This text will be of key interest to scholars and students of democracy democratization Central and Eastern Europe Post Soviet studies and European and Comparative Politics as well as for practitioners donors NGOs who want to know what works best and why and when in aid

provision      **Democratization in EU Foreign Policy** Benedetta Berti, Kristina Mikulova, Nicu Popescu, 2015-09-16 New democracies are uniquely positioned to promote democratic values and have a competitive advantage in the global democracy assistance industry This book examines the attempts of one group of young democracies from Central and Eastern Europe CEE to channel this pro democracy agenda into both national and European foreign policy and development support It looks at how CEE is upstream changing the EU on crucial policy issues as part of the common foreign and security policy Furthermore it tracks the process whereby imported ideas and norms are recycled for further export downstream and how these concepts are received in countries outside of the EU including the post Soviet space the Western Balkans the Middle East and North Africa region and Central Asia This text will be of key interest to scholars students and practitioners of democratisation studies European Union studies comparative politics international relations international development European politics as well as area regional studies      *For Security and For Peace* Jolanta Itrich-Drabarek, Marzena Cichosz, Danuta Plecka, Anna Jach, 2024-11-22 This book formulates a conceptual framework to analyse the Russian Ukrainian conflict It examines the strategies of the Baltic states and the attitudes of the societies of the Baltic Sea basin directed not only towards limiting the consequences of the Russian Ukrainian war but also towards restoring peace and ensuring future security in the region It assesses the Baltic states during and after the conflict discussing the problem of managing a coherent policy towards Russia and Ukraine the challenges faced by states during and after the conflict analysing the attitudes of societies and their evolution during and after the conflict The volume will be of interest to scholars and researchers of European studies and war international relations political science peace and conflict studies
