Assessment For Early Intervention Best Practices For Professionals:

Authentic Assessment for Early Childhood Intervention Stephen J. Bagnato, 2007-06-06 Meeting a crucial need this book provides clear recommendations for authentic developmental assessment of children from infancy to age 6 including those with developmental delays and disabilities It describes principles and strategies for collecting information about children's everyday activities in the home preschool and community that serves as a valid basis for intervention planning and progress monitoring Throughout the book emphasizes the importance of enlisting parents as partners with practitioners and teachers in observation and team based decision making Special features of this well organized accessible volume include recommendations for developmentally appropriate assessment tools and Best Practice Guidepoints in each chapter that distill key professional standards and practices

Assessment for Early Intervention Stephen J. Bagnato, John T. Neisworth, 1991-03-15 Federal mandates embodied in P L 99 457 require that professionals have the expertise to provide family centered early intervention services particularly developmental assessment Written for psychologists **ASSESSMENT FOR EARLY INTERVENTION** is a self instructional guidebook relevant to all professionals who must acquire the unique perspectives and best practices to work with families and their infants and preschoolers with developmental disabilities The ultimate purpose of early childhood assessment is the planning of programs for children and their families and this guidebook emphasizes that flexible collaboration is a means to this end It demonstrates how teams of parents and professionals can strive to make joint decisions about current and changing treatment needs It also stresses that the assessor's competence in decision making is more important to the process than the qualities of various assessment instruments With content that is immediately applicable **ASSESSMENT FOR EARLY INTERVENTION** moves beyond diagnosis which is often premature to prescribe broad interventions for improving the quality of life for the child and the family
