Senior Living Communities Benjamin W. Pearce, 1998-11-23 The American Association of Retired Persons estimates that the number of communities for seniors has doubled in the past ten years and will more than double again before the 21st century This growth has meant that new administrators are often learning by trial and error the complicated task of delivering high quality and consistent services to elderly persons Post-Acute and Long-Term Medicine Pamela A. Fenstemacher, Peter Winn, 2015-12-12 This book addresses current issues surrounding hospital readmissions and the practice of post acute and long term care LTC Thoroughly updated the Second Edition of this practical pocket guide presents new regulations governing these services and lessens the uncertainty involved in caring for patients in a long term care facility The book is divided into four sections that cover types of care which include community care nursing facility care and teamwork clinical medicine with suggested approaches to common conditions and wound care psychosocial aspects of care which include ethical and legal issues and caring for families and special issues with chapters on documentation coding and medication management As community based care is an area of rapid growth where the elderly are increasingly seeking their medical care new chapters have also been added that describe these programs Written by expert contributors many of whom have worked within the American Medical Directors Association to create and disseminate a knowledge base for post acute and LTC this is a valuable resource for clinicians and educators seeking to maximize the care and living experience of residents in post acute and long term care settings Assisted Living Nursing Ethel Mitty, Barbara Resnick, 2009-07-13 Designated a Doody's Core Title Caring for the older adult population is a challenge and the goal of nursing practice is to help preserve or restore an older adult's function and maximize their well being and quality of life This book is a wonderful resource for assisted living clinicians and nurses who wish to serve this population It is well written easy to read and well organized so it can be used as a textbook for nursing students in geriatric nursing Score 94 4 stars Doody's This book written by and for nurses across the spectrum of nurse providers advanced practice nurses delegating nurses and the direct care workforce covers all aspects of management as well as the many common clinical problems and syndromes we encounter among older adults Further this book proposes wonderful assessment and intervention material that will help the entire health care team keep residents within their AL communities through early recognition and management of acute illnesses Kudos to our nursing colleagues for editing this publication and may it serve as the useful guide for AL residents across the country John B Murphy MD President American Geriatrics Society Professor of Medicine and Family Medicine Warren Alpert Medical School of Brown University This book provides a comprehensive overview of both management activities and clinical competencies for assisted living nurses The authors provide practical guidelines and decision making models to help nurses

address both the large and small scale challenges of their daily practice With Assisted Living Nursing readers can gain the essential problem solving and task management skills critical to their daily work The contributors cover a wide range of topics including Management Ethics in nursing practice Regulatory oversight and reimbursement Organizational culture Leadership theories and styles Conflict resolution Finance and budget management Risk assessment Clinical Practice Admission transfer discharge assessment Infection Control Cultural aspects of care Geriatric clinical syndromes and disorders Palliative and hospice care principles Rehabilitation restorative nursing Theories of aging Ultimately this book serves as the definitive one stop resource addressing virtually every topic of interest to assisted living nurses **Wound Care Essentials** ,2004 This comprehensive yet concise wound care handbook covers all aspects of wound care wound healing wound assessment and treatment options for all types of wounds More than 100 illustrations checklists tables recurring icons and flowcharts provide easy access to essential information and a 16 page full color insert illustrates the healing process and types of wounds *Medication Policy and Procedure Manual for Assisted Living* American Society of Consultant Pharmacists,1997 **Accounting and Finance Policies and Procedures** Rose Hightower,2008-07-21 Policies and procedures are the foundation of internal controls for organizations Taking a complicated subject and breaking it into manageable components this book enables you to hit the ground running and significantly accelerate your completion of a solid policies and procedures program Comprehensive and practical this useful book provides you with sample documents you can personalize and customize to meet your company s needs *Handbook of Home Health Care Administration* Marilyn D.
