This book investigates the recent history of the drug market on the dark web and suggests interventions that can be used to curb the trade of illegal products in the internet's underbelly. It outlines the current landscape of this market, highlighting what is known about drug markets on the dark web, how transactions involving illicit goods occur in cryptomarkets, how the illegal trade of drugs is conducted in the dark web, the role of blockchain technology in these transactions, and the chapters that follow identify effective methods suppliers and purchasers employ to trade under conditions of uncertainty. They explore the role that trust plays in network structures and vendor selections for drug markets. The volume includes a review of the targeting strategies available for law enforcement and offers new solutions to target the trade of illicit goods on the dark web. It is ideal for law enforcement officers and practitioners combatting cybercrime.

Corporation,2019 DYING FOR THE JOB John M. Violanti,2014-02-01 When one thinks of police work the immediate
danger of this occupation comes to mind the everyday threat of violence death and witnessing traumatic events in their work
Less noted however is the physical and psychological danger associated with police work including harmful environmental
exposure stress and trauma Based on research the adverse health and psychological consequences of this occupation far
outweigh the dangers of the street The primary purpose of this book is therefore to focus on these less known less talked
about dangers in policing The mental well being health and average life span of police officers appear to be affected by these
factors Hence the title dying for the job reflects not so much the danger on the street but the hidden health dangers
associated with policing Many of the researchers who contributed to this book are epidemiologists and biostatisticians who
are part of a National Institute of Occupational Safety and Health NIOSH CDC five year research study on police health titled
BCOPS the Buffalo Cardio Metabolic Occupational Police Stress study Still other contributors are experts in cancer
cardiovascular disease and psychological trauma Recent events such as 9 11 Hurricane Katrina the Sandy Hook school
tragedy and the Boston Marathon bombings emphasize the need to have a vibrant healthy police force It is necessary to
maintain a high level of reliability by initiating health and stress prevention efforts Chapters include an examination of
harmful physical work exposures health disparities among police officers cardiovascular risk in law enforcement risk of
cancer incidence and mortality among police officers shift work and health consequences in policing stressors and associated
health effects for women police officers suicide post traumatic stress disorder resilience in policing and PTSD symptoms
psychobiology and coexisting disorders in police officers Both law enforcement practitioners and administrators alike will
benefit from reading this book *The Secretary's Vision for the Future* United States. Congress. House. Committee on
