Brown, 2006-01-01 Did the evangelist Mark

write two versions of his gospel According to a letter ascribed to Clement of Alexandria Mark created a second more spiritual edition of his gospel for theologically advanced Christians in Alexandria Clement s letter contains two excerpts from this lost gospel including a remarkably different account of the raising of Lazarus Forty five years of cursory investigation have yielded five mutually exclusive paradigms abundant confusion and rumours of forgery Strangely one of the few things upon which most investigators agree is that the letter s own explanation of the origin and purpose of this longer gospel need not be taken seriously Mark s Other Gospel Rethinking Morton Smith s Controversial Discovery calls this pervasive bias into question After thoroughly critiquing the five main paradigms Scott G Brown demonstrates that the gospel excerpts not only sound like Mark but also employ Mark s distinctive literary techniques deepening this gospels theology and elucidating puzzling aspects of its narrative This mystic gospel represents Mark s own response to the Alexandrian predilection to discover the essential truths of a philosophy beneath the literal level of revered texts A Simplified Harmony of the Gospels
