5TH GRADE LESSON 23

The collage features several educational documents. At the top, a large orange title reads "vaqueros". Below it, on the left, is a table with three columns and two rows. The first row is labeled "LIFE" and the second row is labeled "CITY OF CARRISAN JONES". The table contains text that is partially obscured but appears to be related to a lesson plan or curriculum. Below the table, there is a section titled "LEARNING OBJECTIVES I WILL..." followed by a list of objectives. At the bottom, a section titled "CREATED BY" is visible, followed by the text "TO THE FOURTH AND BEYOND".

different ideas of intelligence perceiving and practicing intelligence in different ways Written by a former senior intelligence officer this book is the first study dedicated to Israeli intelligence culture and the way it reflects Israeli strategic culture Relying on more than 30 elite interviews with acting and former Israeli practitioners the book highlights the Israeli aversion to intelligence theory and scientific methods as well as to the structured management of the intelligence system at the national level It describes the intelligence system s emphasis on contrarian thinking and moral courage as the foundations of intelligence professionalism and the growing inclination of Israeli intelligence toward action and influence Intelligence is perceived and practiced by Israelis as a tool for problem solving addressing unique Israeli challenges While some traits of the Israeli national intelligence culture have contributed to its high reputation and its success story others might have also contributed to its failure in anticipating the Hamas terrorist attack on October 2023 or have remained aspirational norms rather than realized practice The October 2023 failure as that of the Yom Kippur War in 1973 will undoubtedly influence Israeli national intelligence culture for many years to come This book will be of much interest to students of intelligence studies Israeli politics strategic studies and international relations
