Handbook on Postconservative Theological Interpretation Ronald T. Michener, Mark A. Lampert, 2024-10-24 Postconservative theology may be said to parallel with postliberal theology at its best Orthodox biblical but open to new insights about how to interpret Scripture But the new insights must be faithful as well as fresh Postconservative theology is not the same as progressive theology which tends to lean toward indeterminant faith expressions whereas postconservative allows for particular faith commitments and expressions but understands that the constructive task of theology is never finished Authors emphasize various interpretive theological lenses used for doing theology among various postconservative theologians rather than emphasizing the philosophical background to hermeneutical theory present in other works such as past influential thinkers including Gadamer Grondin Ricoeur Heidegger etc This resource could also function as a companion to Evangelical Theological Method Five Views 2018 This emphasis of the chapters will not be on the nuts and bolts of how to interpret but rather on the theological impulses that govern various

lenses Bible cultural context etc for doing theology and the way Scripture functions with respect to the practice of interpretation

Gurman,David P. Kniskern,2014-01-21 This volume reflects the achievements in developing new concepts and models of family therapy and new approaches to special clinical issues and problems during the 1980s Chapters by experts such as Boszormenyi Nagy Everett Guttman Lankton Liddle McGoldrick Madanes and Walsh offer insight into a variety of areas including systems theory cybernetics and epistemology contextual therapy Ericksonian therapy strategic family therapy treating divorce in family therapy practice ethnicity and family therapy and training and supervision in family therapy Lifestyle Medicine Jeffrey I. Mechanick,Robert F. Kushner,2016-03-18
Lifestyle the manner in which people live is fundamental to health wellness and prevention of disease It follows that attention to lifestyle is critically important to effective and successful health care But here s the challenge health care professionals receive very little if any formal training about lifestyle counseling and therefore are ill equipped to incorporate lifestyle issues into clinical practice In response Lifestyle Medicine is evolving as a means to fill this knowledge gap Lifestyle medicine approaches health and wellness by harnessing the power of lifestyle related behaviors and influencing the environment we live in It is a formal approach that promises to enhance and strengthen a re invigorated health care system that is still outpaced by the epidemic proportions and complexity of chronic diseases like obesity diabetes depression hypertension and cancer among others Lifestyle Medicine A Manual for Clinical Practice presents this formal approach in a pragmatic context This unique and practical manual provides clear and succinct guidance on nearly all aspects of lifestyle medicine The approach is both explanatory and pragmatic providing case studies and bulleted translation of academic information into

clinical practice recommendations There is an emphasis on scientific evidence wherever possible as well as opinions by the expert chapter authors who practice lifestyle medicine There is a how to rationality to the book consistent with a premise that any and all health care professionals should and perhaps must incorporate lifestyle medicine A valuable checklist is included at the close of the book that summarizes key points and provides a practical tool for routine patient encounters

Healing the Mind through the Power of Story Lewis Mehl-Madrona,2010-06-18 Psychiatry that recognizes the essential role of community in creating a new story of mental health Provides a critique of conventional psychiatry and a look at what mental health care could be Includes stories used in the author s healing practice that draw from traditional cultures around the world Conventional psychiatry is not working The pharmaceutical industry promises it has cures for everything that ails us yet a recent study on antidepressants showed there is no difference of success in prescribed pharmaceuticals from placebos when all FDA reported trials are considered instead of just the trials published in journals Up to 80 percent of patients with bipolar depression remain symptomatic despite conventional treatment and 10 to 20 percent of these patients commit suicide In *Healing the Mind through the Power of Story* Dr Mehl Madrona shows what mental health care could be He explains that within a narrative psychiatry model of mental illness people are not defective requiring drugs to fix them What needs fixing is the ineffective stories they have internalized and succumbed to about how they should live in the world Drawing on traditional stories from cultures around the world Dr Mehl Madrona helps his patients re story their lives He shows how this innovative approach is actually more compatible with what we are learning about the biology of the brain and genetics than the conventional model of psychiatry Drawing on wisdom both ancient and new he demonstrates the power and success of narrative psychiatry to bring forth change and lasting transformation [The Cytokine Handbook](#) Angus W.
