Vicki shows you how to select the right tool, set it up quickly, and prevent common mistakes. She also helps you teach digital citizenship and offers exciting ways to build writing communities where students love to learn. Special Features: Essential questions at the start of each chapter to get you thinking about the big ideas. A chapter on each of the nine essential cloud-based tools: ePaper and eBooks, digital notebooks, social bookmarking, cloud syncing, cloud writing apps, blogging and microblogging, wikis, and website builders, online graphic organizers, and mind maps and cartoons and infographics. A wide variety of practical ways to use each tool in the classroom. Alignments to the Common Core State Standards in writing. Level Up Learning: a special section at the end of each chapter to help you review, reflect on, and apply what you've learned. Writing tips to help you make the best use of the tools and avoid common pitfalls. A glossary of key terms discussed in the book. Useful appendices including reproducible material for your classroom. No matter what grade level you teach or how much tech experience you have, you will benefit from Vicki's compelling and practical ideas.
