Ann Muller, 2011-10 Have you ever asked yourself Why is this happening to me We hear that everything happens for a reason But what does that actually mean And why despite even our most diligent efforts is it often impossible to change what we don't want in our lives and attract what we do Our soul knows It uses our mind and our body to send us signals through physical and emotional symptoms alerting us to unresolved moments in our past that are negatively impacting the present The thoughts and beliefs formed in these experiences are blocking the power of our mind to manifest our goals and the ability of our body to heal In this memoir style account Muller invites the reader to share her path of discovery as she learns that by

returning to these moments we can change even the most stubborn thoughts and beliefs and the turmoil they have created When the moment is resolved we no longer need the signal and our lives can become what we want them to be Each chapter is a transcript of an altered state regression in which Muller s inner self in infancy childhood or a past life changes its thoughts and beliefs to reclaim her power both then and now The truths revealed in this groundbreaking book are both personal and universal They open our awareness to the power we hold locked within and demonstrate how we can unlock that power when we pay attention to our soul signals and heed their messages     *Soul Beautiful, Naturally* Leanna Burns,2007-03 Leanna Burns the author of *From A Z Feed Your Soul and Lose the Weight* is once again suggesting to readers to let it go Of course in that book it was about feeding one s soul and letting go of the weight In *Soul Beautiful Naturally* the author follows a similar path This book encourages every woman to embrace her soul beauty and to let go of society s mythical standard of physical beauty A woman who lives in soul beauty is a woman who lives in love This potent combination of beauty and love has the power to heal and positively affect every living thing     *The Sentimental Touch:The Language of Feeling in the Age of Managerialism* Aaron Ritzenberg,2013 *The Sentimental Touch* explores the strange enduring power of sentimental language in the face of a rapidly changing culture     *Sense of Touch* Susan Lederman,2002-10     *Dear Conner, a Grandmother's Pain* Sherry Van Pelt,2007-09 The author shares her pain of losing a grandchild to offer support and encouragement to others who hurt more than they can bear because of a loss of a child grandchild or other personal losses

when I grew up That question was hard to answer as a black girl growing up in Harlem in the 1950s When I tried to look back beyond my grandmother to understand my family s past there was an ugly stain on our history left by slavery and then just a dark blur It was said we came from Africa Where exactly I didn t know There was no connection When I looked around me I saw crime violence and drugs spreading malignity through the black community Meanwhile the old staples faith and family values were like walls slowly crumbling down I glanced ahead but it was hard to see past things modeled at home wrong words said or negative messages telegraphed to me in books and media that poo pooed my potential They didn t bode well for my future What was I to do The only thing I could I summoned whatever I had in me used my ghetto beginnings to push against and then propelled forward I completed my education developed a teaching career in the NYC public schools and bought a house I felt like I was finally somebody A health issue came along and gave me a one two punch I became unable to walk and speak My sense of worth was immediately placed in jeopardy when I joined a new group of disadvantaged the disabled I had to climb back up to acceptance and respectability and achieve normalcy I asked myself could I find a voice and still make a difference This book is how I answered that It is a story about finding strength hope and a higher quality of life
