Consumable **Leading Psychoeducational Groups for Children and Adolescents** Janice L. DeLucia-Waack,2006-05-03

This book provides readers with direction on how to organize psychoeducational groups while also helping them enhance skills for effectively leading such groups all in one comprehensive volume Offering an applied pragmatic approach author Janice L DeLucia Waack uniquely integrates research and practice to suggest valuable leadership strategies while addressing special issues such as children of divorce anger management bullying behaviors and much more Parenting Through

Illness Leigh Collins,Courtney Nathan,2016-09-27 Parents get sick Their lives change radically and quickly This book offers immediate practical and experienced advice for adult family members and others responsible for the wellbeing of children when one parent has a serious illness The authors are both clinical social workers with years of training and time spent with children and families in crisis They establish a clear and authoritative voice while keeping a tone of encouragement throughout With its matter of fact language the book is organized to make it easy for parents to turn to the sections they most need when they need them Collins and Nathan keep their readers focused on the child in every situation while always supporting reasonable boundaries in positive self care for the adults who serve them The authors remind us that the task of parenting is hard enough even when Mom and Dad are healthy energetic and emotionally strong Add a diagnosis of cancer heart disease or a debilitating accident to the mix and parenting can quickly become overwhelming They acknowledge that anyone faced with a serious health crisis will be challenged daily to decide on treatment options to reorient priorities and to deal with the many stages of grief that humans suffer when confronted with survival issues They help us remember that one member s illness will affect the entire family system and explain how The book is unique It deals with any kind of serious illness not just cancer It explains how children of different age ranges commonly react to a parent s illness or other family crisis It suggests specific language in talking to children of different ages A full chapter is devoted to advantages and disadvantages of using information technology rarely covered in other books on this topic Based on extensive qualitative research Includes excerpts from interviews with parents and children coping with illness in the family Both authors rely on their training but also on early life experience in which they encountered traumatic family events As a teenager Courtney Nathan lost her mother to breast cancer Leigh Collins suffered a terrible accident as a young child and was confined in hospital for many weeks Their book reflects a dedication to other families who face such life altering circumstances The book has received wide endorsement from medical doctors and social service personnel who know the urgent need for this information for their patients and *Children With Cancer* Jeanne Munn Bracken,2010-07-06 Children can and do survive

cancer the last decade has seen many major advancements in treatment Written honestly yet in a reassuring tone by a reference librarian whose child has survived cancer *Children with Cancer* draws together a wealth of up to date information essential for anyone who wishes to help a child or family through this ordeal including relatives friends teachers and clergymen as well as doctors nurses and other health care professionals The information ranges from sophisticated hard to find medical facts to practical tips on how to handle side effects and much more Describing in detail the whole range of childhood cancers Bracken explores how they affect the child the treatments available how to cope with the changes this diagnosis will bring to the entire family and where to go for both medical and emotional help It also includes an appendix of common medical tests a glossary of terms and comprehensive lists of organizations clinics and cancer centers complete with names and addresses Reviews of the previous edition A remarkable job The technical information is clearly stated up to date and accurate But most of all this is a human book Los Angeles Times Comprehensive well written accurate and compassionate Bracken s book can serve as a primary reference for parents and can be used as well by health care professionals and teachers Science Books and Films

*Life and Loss* Linda Goldman,2013-11-20 Many clinicians recognize that denying or ignoring grief issues in children leaves them feeling alone and that acknowledging loss is crucial part of a child s healthy development Really dealing with loss in productive ways however is sometimes easier said than done For decades *Life and Loss* has been the book clinicians have relied on for a full and nuanced presentation of the many issues with which grieving children grapple as well as an honest exploration of the interrelationship between unresolved grief educational success and responsible citizenry The third edition of *Life and Loss* brings this exploration firmly into the twenty first century and makes a convincing case that children s grief is no longer restricted only to loss identified children Children s grief is now endemic it is global *Life and Loss* is not just the book clinicians need to understand grief in the twenty first century it s the book they need to work with it in constructive ways

**Because Someone I Love Has Cancer** American Cancer Society,American Cancer Society Staff,2002-10-01 Designed for kids between the ages of 6 and 12 who have a loved one with cancer this activity book allows children to work through and express unfamiliar feelings in well paced activities that progressively teach coping skills Includes five colorful crayons Illustrations Spiral bound Consumable
