Consolidated B-32 Dominator William Wolf,2006 Over the years the B 32 has been described only in a small number of magazine articles and in a booklet that have generally given a superficial and incomplete account maligning the bomber fairly or not as a mediocre design besieged with developmental problems and a lackluster combat record Consolidated B 32 Dominator The Ultimate Look from Drawing Board to Scrapyard is the definitive description and appraisal of this neglected bomber s development testing manufacture and combat experience The author used company design and production information flight and test evaluations along with previously unexplored Flight Manuals and Consolidated Vultee Erection and Maintenance Manuals From rare microfilm of original material and insights and personal narratives of the personnel involved Wolf has gathered information on the pre combat testing and all the combat missions of the bomber in the Pacific

"Uncool and Incorrect" in Chile Stephen M. Streeter,2023-02-24 The military coup that toppled Chilean President Salvador Allende in 1973 led to one of the most repressive military dictatorships in Latin American history Although the coup s full origin remains one of the great mysteries of the Cold War most assume that powers in Washington were largely to blame given the long history of U S interventionism in Latin America These assumptions were only strengthened by ongoing suspicions about the Nixon administration s role in a failed campaign to prevent Allende s inauguration in 1970 Providing a comprehensive account of the Nixon administration s efforts to undermine and unseat Allende the book relies heavily on newly declassified records addressing several crucial questions regarding U S involvement The author explores several counterfactual scenarios to highlight important turning points and crucial decisions which contributed to the failure of Chilean democracy *Title List of Documents Made Publicly Available* U.S. Nuclear Regulatory Commission,1989

family law This book contextualizes the Hong Kong situation by examining judicial cases interpreting Chinese customs and the Great Qing Code offering a comprehensive understanding of the Hong Kong situation in relation to the status of concubines in Republican China and other East Asian jurisdictions It will be of particular interest to teachers and students of law as well as researchers in gender studies post colonialism sociology and cultural studies [Subject Index to Unclassified ASTIA Documents](#) Defense Documentation Center (U.S.),1960 **Technical Abstract Bulletin** Defense Documentation Center (U.S.),1961-10 *Calendar of State Papers, Domestic Series, of the Reign of William and Mary: 1700-1702* Great Britain.
