The Testosterone Principles

"Testicularity is the
last vanguard of
civilization; what
ties us to nature,
what makes us
want to excel, what
makes us want to
discover, invent,
and conquer . . .

Atomic Dog The Testosterone Principles:

Atomic Dog TC Luoma, 2006-01-01 The column from which this collection of essays is derived began in 1997 on a website named Testosterone Nation T Nation com The column was called Atomic Dog and it quickly attracted a pack of like minded followers Many felt that TC was their mouthpiece he was saying things about the plight of modern manhood they only wished they could get away with saying But if you only read one or two of these columns then you might not get TC completely Is TC an edgy humorist Yes Is he an advocate defender and reveler in all things Testosterone Yes that too Is he a sensitive intellectual Yep A motivational guru for people who hate motivational gurus Roger that A virtuous bad boy who stands up for the weak and oppressed Oh yeah A firebrand for unabashed manhood in an increasingly sissified society of wimps Ditto Hes all those things If Woody Allen and Norman Mailer had a child these are the types of columns hed write Thousands of people now visit T Nation com every week to see what TC has to say This book is a best of collection from those weekly columns It will no doubt make a lot of people angry It will no doubt be highly offensive to many individuals Good It s time to piss some people off reclaim healthy masculinity and set the record straight about Testosterone It s time to be men again As TC says Dont let your balls go the way of the appendix

The Testosterone Principles 2: Manhood and Other Stuff TC Luoma, 2012-02-01 You should know up front that his book might cause you to reevaluate your life It might influence you to quit your job and switch careers You might start to look at your relationships in a different way Hell it might even cause you to realize that youre not in a good marriage Thats not just hyperbole either T C Luomas popular weekly column the best of which are featured here in The Testosterone Principles 2 Manhood and Other Stuff has elicited exactly such potentially life changing thoughts from the people who regularly read his work He doesnt preach or rap you on the knuckles Instead he shows you glimpses of what life your life could and maybe should look like If youve got even a speck of self awareness you end up asking yourself Hey is he talking about me His observations liberally backed up with science and spiced up with quirky references to popular culture serve as a guide to the weird conflicted often horribly flawed creature called man
