Handbook to use this book Omnifray is intended for a mature audience **The Costs of War** John Denson, 2017-07-05 The greatest accomplishment of Western civilization is arguably the achievement of individual liberty through limits on the power of the state In the war torn twentieth century we rarely hear that one of the main costs of armed conflict is long term loss of liberty to winners and losers alike Beyond the obvious and direct costs of dead and wounded soldiers there is the lifetime struggle of veterans to live with their nightmares and their injuries the hidden economic costs of inflation debts and taxes and more generally the damages caused to our culture our morality and to civilization at large The new edition is now available in paperback with a number of new essays It represents a large scale collective effort to pierce the veils of myth and propaganda to reveal the true costs of war above all the cost to liberty Central to this volume are the views of Ludwig von Mises on war and foreign policy Mises argued that war along with colonialism and imperialism is the greatest enemy of freedom and prosperity and that peace throughout the world cannot be achieved until the central governments of the major nations become limited in scope and power In the spirit of these theorems by Mises the contributors to this volume consider the costs of war generally and assess specific corrosive effects of major American wars since the Revolution The first section includes chapters on the theoretical and institutional dimensions of the relationship between war and society including conscription infringements on freedom the military as an engine of social change war and literature and the right of citizens to bear arms The second group includes reconsiderations of Lincoln and Churchill an analysis of the anti interventionist idea in American politics a discussion of the meaning of the just war an assessment of how World War I changed the course of Western civilization and finally two eyewitness accounts of the true horrors of actual combat by **Congressional Record** United States.
