Bbc News Zac Goldsmith:

The UK's Changing Democracy Patrick Dunleavy, Alice Park, Ros Taylor, 2018-11-01 The UK's Changing Democracy presents a uniquely democratic perspective on all aspects of UK politics at the centre in Westminster and Whitehall and in all the devolved nations The 2016 referendum vote to leave the EU marked a turning point in the UK's political system In the previous two decades the country had undergone a series of democratic reforms during which it seemed to evolve into a more typical European liberal democracy The establishment of a Supreme Court adoption of the Human Rights Act Scottish Welsh and Northern Irish devolution proportional electoral systems executive mayors and the growth in multi party competition all marked profound changes to the British political tradition Brexit may now bring some of these developments to a juddering halt The UK's previous exceptionalism from European patterns looks certain to continue indefinitely Taking back control of regulations trade immigration and much more is the biggest change in UK governance for half a century It has already produced enduring crises for the party system Parliament and the core executive with uniquely contested governance over critical issues and a rapidly changing political landscape Other recent trends are no less fast moving such as the revival of two party dominance in England the re creation of some mass membership parties and the disruptive challenges of social media In this context an in depth assessment of the quality of the UK's democracy is essential Each of the 2018 Democratic Audit's 37 short chapters starts with clear criteria for what democracy requires in that part of the nation's political life and outlines key recent developments before a SWOT analysis of strengths weaknesses opportunities and threats crystallises the current situation A small number of core issues are then explored in more depth Set against the global rise of debased semi democracies the book's approach returns our focus firmly to the big issues around the quality and sustainability of the UK's liberal democracy

The Decade in Tory Russell Jones, 2022-10-27 In 2020 the United Kingdom reached a bewildering milestone ten successive years of Conservative rule In that decade there were three prime ministers each in turn described as the worst leader we ever had ministerial resignations by the hundred and an unrelenting stream of ineffectual divisive bum slurry oozing from 10 Downing Street The Decade in Tory is an inglorious rollicking and entirely true account of ten years of demonstrable lies relentless incompetence epic waste serial corruption official police investigations anti democratic practices abuse of power dereliction of duty and hundreds of thousands of avoidable deaths With his signature scathing wit Russell Jones breaks down the government's interminable failures year by year covering everything from David Cameron's pledge to tackle inequality which reduced UK life expectancy for the first time since 1841 through the bewildering storm of lies and betrayals that led to Brexit devastating education cuts serial mismanagement of the NHS and Boris Johnson's calamitous response to the Covid 19 pandemic It will leave you gasping and wondering can things possibly get any worse

When Green Growth Is Not Enough

Anders Hayden,2014-11-01 Is the pursuit of endless economic growth compatible with the deep reductions in greenhouse gas emissions required to avoid the worst extremes of climate change In *When Green Growth Is Not Enough* Anders Hayden analyzes the political battle between three competing approaches to this question and how it has played out in Canada and Britain Defenders of the business as usual approach reject climate action as too costly and in conflict with economic growth while downplaying the severity of climate change Supporters of ecological modernization or green growth on the other hand aim to use technology and efficiency to delink economic expansion from emissions and find business opportunities through environmental action While mainstream debate has focused on these two pro growth models Hayden pays particular attention to the struggles and limited inroads of a third more radical perspective the idea of sufficiency which challenges the continued growth of production and consumption in the already affluent global North and asks how much is enough Drawing on interviews participation in climate related events and analysis of key documents Hayden shows the role these paradigms have played in Britain one of the world s leaders in climate reform and in Canada a nation at the bottom of international climate change rankings Rich in detail *When Green Growth Is Not Enough* is a lively account of the theory and real world politics of climate action

Plane Truth

Rose Bridger,2013-10-09 As aviation is celebrated as one of the world s fastest growing industries with passenger numbers and cargo volumes projected to double in the next 20 years *Plane Truth* sounds a note of caution In addition to the environmental impact of airport expansion devouring farmland and wildlife habitats and aviation s impact of noise and air pollution on communities Rose Bridger reveals the extraordinary government subsidies for the aviation industry encompassing government expenditure on infrastructure to tax breaks all of which serve to support the industry in the face of rising oil prices and global economic downturn Disavowing greenwashing claims of fuel efficient aircraft and alternative fuels that will enable growth without climate change from British Airways to American Airlines the symbiotic relationship between aviation and the wider socio economic problems facing humanity is manifest

There is No Such Thing as a Free Press Mick Hume,2012-08-22 The aim of this book is to launch a polemic for the freedom of the press against all of the attempts to police defile and sanitise journalism today Once the media reported the news Now it makes it From the phone hacking scandal to rows about press regulation super injunctions leaks libel and privacy laws the power of the Murdoch empire and the future of the BBC the media has become the story The British press is in crisis and under scrutiny as never before In the fall out from the phone hacking scandal one national newspaper has already been closed down and some would like to see others go the same way However this book argues that there is not too much media freedom in Britain today but too little There are not too few controls and restrictions on what can legitimately be published and broadcast but too many both formal and informal Some newspapers in Britain and elsewhere might be going free in financial terms under pressure from declining sales and the new online media But in almost every way that matters the press

is less free thanks both to external constraints and the internal corrosion of the foundations of good journalism This book aims to shake up the one way debate about the freedom of the media It will argue that the media s standing has been undermined both from without and within and put the case for standing up both to the censors and to the conformists in all their guises

The New Working Class Ainsley, Claire, 2018-10-31 Recent events such as the Brexit vote and the 2017 general election result highlight the erosion of traditional class identities and the decoupling of class from political identity The majority of people in the UK still identify as working class yet no political party today can confidently articulate their interests So who is now working class and how do political parties gain their support Based on the opinions and voices of lower and middle income voters this insightful book proposes what needs to be done to address the issues of the new working class Outlining the composition values and attitudes of the new working class it provides practical recommendations for political parties to reconnect with the electorate and regain trust

The Routledge Handbook of Translation and Migration Brigid Maher, Loredana Polezzi, Rita Wilson, 2024-09-06 The Routledge Handbook of Translation and Migration explores the practices and attitudes surrounding migration and translation aiming to redefine these two terms in light of their intersections and connections The volume adopts an interdisciplinary and transnational perspective highlighting the broad scope of migration and translation as not only linguistic and geographical phenomena but also cultural social artistic and psychological processes The nexus between migration and translation the central concern of this Handbook challenges limited conceptualisations of identity and belonging thereby also exposing the limitations of monolingual monocultural models of nationhood Through a diverse range of approaches and methodologies individual chapters investigate specific historical circumstances and illustrate the need for an intersectional approach to questions of language access and language mediation With its range of approaches and case studies the volume highlights the inherently political nature of translation and its potential to shape social and cultural inclusion emphasising the crucial role of language and translation in informing professional practices institutional policies educational approaches and community attitudes towards migration By bringing together perspectives from both researchers and creative practitioners this book makes an innovative contribution to ongoing global discussions on linguistic hospitality and diversity ideal for those pursuing postgraduate and doctoral studies in translation studies linguistics international studies and cultural studies

Neoliberal Spatial Governance Phil Allmendinger, 2016-04-14 *Neoliberal Spatial Governance* explores the changing nature of English town and city planning as it has slowly but clearly transformed Once a system for regulating and balancing change in the built and natural environments in the public interest planning now finds itself facilitating development and economic growth for narrow sectional interests Whilst there is a lip service towards traditional values the progressive aims and inclusivity that provided planning's legitimacy and broad support have now largely disappeared The result is a growing backlash of distrust and discontent as planning has evolved into neoliberal spatial governance The tragedy of this change is that at a time when planning has a critical role in tackling major issues such as housing affordability and climate change it finds itself poorly resourced with low professional morale lacking legitimacy and support from local communities accused of bureaucracy and red tape from businesses and ministers and subject to regular disruptive reforms Yet all is not lost There is still demand and support for more comprehensive and progressive planning one that is not purely driven by the needs of developers and investors Resistance against the idea that planning exists to help roll out development is growing *Neoliberal Spatial Governance* explores the background and implications of the changes in planning under the governments of the past four decades and the ways we might think about halting and reversing this shift

Crowds, Community and Contagion in Contemporary Britain Sarah Lowndes, 2022-09-30 *Crowds Community and Contagion in Contemporary Britain* presents the COVID 19 pandemic as an opportunity to re assess the neoliberal politics xenophobia and racism that have undermined community cohesion in the United Kingdom since 1979 and which have continued largely unchecked through the last four decades Guided by three interconnected ideas used throughout to scrutinise the meaning of culture as a way of life Welsh cultural theorist Raymond Williams structure of feeling Jamaican British sociologist Stuart Hall's conception of the conjuncture and Belgian political philosopher Chantal Mouffe's agonistic pluralism Sarah Lowndes finds that a renewed sense of mutual regard and collective responsibility are necessary to meet the unprecedented challenges of the COVID 19 pandemic She begins by reflecting on public gatherings in Britain from 1945 to 2019 moving on to analyse five key examples of public gatherings affected by the pandemic in 2020 onwards Chinese New Year the UEFA Champions League Final VE Day street parties Black Lives Matter demonstrations and the cancellation of Eid ul Adha celebrations A thorough examination of how ideas proliferate and spread through our society public sphere and collective consciousness this book will appeal to scholars and upper level students of cultural studies cultural history sociology and politics

BBC Wildlife, 2007 [The End of Europe?](#) Andreas Staab, 2020-12-10 This book analyzes the causes of five dilemmas that are shaping European integration populism migration the Euro Brexit and enlargement While critical of the responses of European Union actors in handling these crises the author outlines avenues which might avoid the potential collapse of Europe

[Climate Obstruction](#)

across Europe Robert J. Brulle, J. Timmons Roberts, Miranda C. Spencer, 2024-07-16 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read on the Oxford Academic platform and offered as a free PDF download from OUP and selected open access locations Understanding climate obstruction is foundational to advancing effective action on the global climate crisis Starting in the late 1980s a broad range of actors including corporations and trade associations acting in coordination with conservative think tanks foundations and public relations firms mounted a long term effort to oppose action to mitigate the greenhouse gas emissions responsible for climate change This is the first book to document the development and nature of these activities across Europe Leading teams of experts examine case studies of eleven nations and the European Union Each team documents the historic development of climate obstruction in the country the principal organizations involved in these efforts the strategies and tactics utilized and the nature of the arguments made to slow or stop climate action Noting significant differences between countries the book concludes with ten lessons on climate obstruction across Europe that emerged from the studies Future research is suggested to aid in better understanding the development of intentional barriers to action on climate change in Europe **The Battle for British Islam** Sara Khan, Tony McMahon, 2016-08-23 Across Britain Muslims are caught up in a battle over the very nature of their faith And extremists appear to be gaining the upper hand Sara Khan has spent the past decade campaigning for tolerance and equal rights within Muslim communities and is now engaged in a new struggle for justice and understanding the urgent need to counter Islamist inspired extremism In this timely and courageous book Khan shows how previously antagonistic groups of fundamentalist Muslims have joined forces creating pressures that British society has never before encountered What is more identity politics and the attitudes of both the far Right and ultra Left have combined to give the Islamists ever increasing power to spread their message Unafraid to tackle some of the pressing issues of our time Sara Khan addresses the question of how to break the cycle of extremism without alienating British Muslims She calls for all Britons to reject divisive ideologies and introduces us to those individuals who are striving to build a safer future **The London Dream** Chris McMillan, 2020-08-28 The London Dream tells the story of a city that promises opportunity excitement and the possibility of prosperity It is a mythology has launched millions of migrant journeys No one benefits more from the flow of willed and willing workers than London's employers And still they come They come to a city propelled by a newly cool capitalism and hungry for workers to serve it From actors to cleaners academics to caf workers The London Dream explores the stories of Londoners chasing the dreams offered by the city and the economy within which their precarious hopes become profits *Muslim Masculinities in Literature and Film* Peter Cherry, 2023-04-20 A climate of Islamophobia allows anxieties about Muslim men living in and migrating to Britain to endure British Muslims men are often profiled in highly negative terms or regarded with suspicion owing to their perceived religious and cultural heritage But novels and films by British migrant and diaspora writers and filmmakers powerfully contest these stereotypes and explore the rich diversity of Muslim

masculinities in Britain This book is the first critical study to engage with British Muslim masculinities in this literary and cinematic output from the perspective of masculinity studies Through close analysis of work by Monica Ali Nadeem Aslam Guy Gunaratne Sally El Hosaini Hanif Kureishi Suhayl Saadi Kamila Shamsie Zadie Smith Zia Haider Rahman and Salman Rushdie Peter Cherry examines how migrant and diaspora protagonists negotiate their masculinity in a climate of Islamophobic and anti migrant rhetoric Cherry proposes a transcultural reading of these novels and films that exposes how conceptions of Britishness Muslimness and those of masculinity are unstable and contingent constructs shaped by migration interaction with other cultures and global and local politics

Good Chaps Simon Kuper, 2024-06-13 A FINANCIAL TIMES BOOK OF THE YEAR 2024 At a time when democracy feels threatened Simon Kuper is fighting hard for a better vision of politics he is brutally honest about our problems but never loses hope that we can build a better democracy Rory Stewart An intelligible compelling and enraging narrative how the Good Chaps get away with it New Statesman The Good Chaps theory holds that those who rise to power in the UK can be trusted to follow the rules and do the right thing They re good chaps after all Yet Britain appears to have been taken over by bad chaps and politics is awash with financial scandals donors who have practically bought shares in political parties and a shameless contempt for the rules Simon Kuper author of the Sunday Times Top Ten bestseller *Chums* exposes how corruption took control of public life and asks how can we get politicians to behave like good chaps again
